

Progress report on  
**2015 government election commitments**

November 2019

**Queensland**  
Government

Minister	Department	Commitment	Status
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Restoring integrity and accountability in Queensland</b> The autonomy of the Speaker in the Parliament will be restored.	
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Restoring integrity and accountability in Queensland</b> Reintroduce portfolio Estimates Committees hearings over seven days, ensuring each committee meets on a separate day.	
Premier and Minister for Trade	Public Service Commission	<b>Restoring integrity and accountability in Queensland</b> Directors-General, all key public service positions and statutory appointments would be chosen on a merit-based process. Heads of government departments will be required to publicly lodge pecuniary interests forms.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Reduce the number of ministers from 19 to 14.	This commitment was originally implemented before Cabinet expansion to 17 Ministers on 8 December 2015.
Premier and Minister for Trade	Department of the Premier and Cabinet	Reduce the 12 assistant minister positions to one.	This commitment was originally implemented before the Cabinet changes on 8 December 2015.
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Stop political advertising.</b> Ensure that during the six-month period before an election, government advertising is not undertaken except in urgent and emergent circumstances.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Revitalising Community Cabinet meetings including our well-publicised support for the principle that Community Cabinet meetings are open to the public and that the Premier and Ministers can be questioned directly by members of the public.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Restore equal Government and non-Government membership to Parliamentary portfolio committees.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Future MP pay rises will be linked to public sector increases through legislation and restricted to that in the most recent Core Public Service EBA.	

Minister	Department	Commitment	Status
Premier and Minister for Trade	Department of the Premier and Cabinet	As a principle, not use any urgency motions to bypass or truncate the committee system. Any deviation from this commitment will be negotiated with the cross-bench members of Parliament.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Amend section 81 of the <i>Parliament of Queensland Act 2001</i> to ensure that the membership of the Committee of the Legislative Assembly includes a member of the Parliament from the cross benches.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Recognise the need for proper resourcing for members of Parliament in minority governments. This includes an extra staff member in an independent MP's electorate office and a policy adviser based at Parliament House in Brisbane. Further, the Premier's Office will ensure the independent member can access key briefings from the public service as required.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Seek a review of travel allowances for MPs from Band 3 electorates by the Queensland Independent Remuneration Tribunal.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Review the Cabinet Handbook with a view to including a requirement for an Institutional Impact Statement, which will outline the impact on all State Government institutions likely to be impacted by the legislation.	
Premier and Minister for Trade	Department of the Premier and Cabinet	Maintain a standalone Department of Local Government within the machinery of government.	This commitment has been superseded by a change in Government policy.
Premier and Minister for Trade	Department of the Premier and Cabinet	Maintain a dedicated Minister for Local Government with responsibility for planning.	This commitment was originally implemented before the Cabinet reshuffle of 10 February 2017.
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Supporting Seniors</b> The next Cabinet will include a Minister for Seniors.	
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Growth for Tourism Guarantee</b> Ensure that a senior member of Cabinet will hold the position of Tourism Minister.	
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Growth for Tourism Guarantee</b> Establish a Cabinet tourism sub-committee to actively engage and partner with industry to work cooperatively within the solid foundations set down in the Tourism 2020 Strategy.	

Minister	Department	Commitment	Status
Premier and Minister for Trade	Department of the Premier and Cabinet	Assign a Minister responsible for Industry and Manufacturing.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	Establish an assistant minister for North Queensland.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Tackling alcohol fuelled violence</b> A three-year multimedia education and awareness campaign will be developed and implemented. It will target young people, particularly young men, about safe drinking practices, the dangers of binge drinking and excessive alcohol consumption and the impacts of alcohol-related violence. The campaign will also be used to educate and inform the community about the changes to the liquor licensing regime and alcohol service times.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Tackling alcohol fuelled violence</b> Support Federal Opposition Leader Bill Shorten's call for funding boxer Danny Green's national "coward's punch" campaign.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	Evaluate the Safe Night Out Strategy to determine its effectiveness. This evaluation will be part of wider consideration of a strategic framework to address strategies the Australian Medical Association Queensland (AMAQ) has proposed to reduce alcohol related harm across Queensland.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>Strong and Sustainable Resource Communities</b> Commit to a Parliamentary inquiry into FIFO (fly-in-fly-out) workers and mental health impacts.	Completed
Premier and Minister for Trade	Department of the Premier and Cabinet	<b>A Healthier Queensland</b> Establish a Parliamentary Committee inquiry to review evidence for effective strategies across government, industry and community to promote health and well-being.	Completed
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Business Development Fund</b> Establish a Business Development Fund of up to \$40 million over four years to help our best and brightest small to medium businesses make their ideas and innovations a commercial reality. Seek and appoint a private co-investment fund manager partner in a joint venture arrangement to leverage private sector investment.	Completed

Minister	Department	Commitment	Status
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Our State Our Assets</b> Commit to the responsible and measured management of the state's finances through adherence to the fiscal principles outlined in the Our State Our Assets election policy.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Our State Our Assets</b> A 'Debt action plan' to pay down \$12 billion in general government debt over 10 years. Paying debt down by \$5.4 billion over the next six years.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	No new or increased taxes, fees and charges.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Our State Our Assets</b> From 2018-19 "quarantine" 66 per cent of dividends raised by the government-owned corporations, for a debt management trust.	This commitment has been superseded as the Government is delivering a range of broader approaches to pay down debt.
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Our State Our Assets</b> Merge the three electricity distribution network businesses - Ergon, Energex and Powerlink - into a single, more efficient network business. Combine the two electricity generation businesses, CS Energy and Stanwell, into a new generation business with the final structure subject to negotiation with the Australian Competition and Consumer Commission (ACCC).	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	No forced redundancies. We will work off natural attrition and not forced redundancies.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Terminate asset privatisation consultant agreements.	

Minister	Department	Commitment	Status
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Investigate the value of creating a State Government guideline that establishes consistent cost recovery principles to ascertain whether savings can be achieved for both government and industry.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Establish a Parliamentary inquiry into the high cost of insurance in the North.	This commitment has been superseded by the 2017 election commitment to establish the Household Resilience Program and the ongoing participation in inter-jurisdictional Insurance Working Group.
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Labor's Financial Statement 2015</b> Defer any future increases in the payroll tax threshold.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Labor's Financial Statement 2015</b> Identify savings and reprioritisations to deliver on the Government's election commitments.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Our State Our Assets</b> Commission the Queensland Treasury to conduct a full review of the State's finances (consistent with Labor's fiscal principles).	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Not support a broadening of the GST base or an increase to the GST.	

Minister	Department	Commitment	Status
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Queensland Productivity Commission</b> Establish a Queensland Productivity Commission as an independent body to work with the community, businesses, universities and trade unions to develop policy solutions to lift our State's productivity, improve living standards and drive growth.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Queensland Productivity Commission</b> The first task of the Queensland Productivity Commission will be a public inquiry into electricity pricing to investigate short- and long-term options to respond to the significant price increases over recent years. This inquiry will include the price rises for agricultural consumers of electricity.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	In the first term, the proposed Queensland Productivity Commission will undertake a thorough study of the success and learnings of the UK Reshoring initiative, and other related reshoring programs elsewhere in Europe.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	All proposed new regulations will be required to have a thorough cost-benefit analysis (signed off by Queensland Treasury); demonstrate why the issue concerned needs to be dealt with by regulation at all; and if so, demonstrate why the matter is not adequately dealt with by existing regulatory instruments or laws.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Any new regulations approved will automatically have a five-year sunset and review clause, unless it can be specifically demonstrated through the cost-benefit analysis that a longer sunset clause is required.	This commitment has been superseded by the Red Tape Reduction Advisory Panel findings and associated work by the Queensland Productivity Commission.
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Payroll Tax Rebate for Apprentices and Trainees Introduce a 25% payroll tax rebate for employers of apprentices and trainees.	

Minister	Department	Commitment	Status
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Advance Queensland</b> Provide a three-year payroll tax holiday to any new companies established in Queensland as a result of Advance Queensland research programs.	This commitment has been superseded by the establishment of the Advance Queensland Industry Attraction Fund which provided payroll tax rebates among other incentives.
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Working Queensland</b> The Queensland Competition Authority will provide to industry and community stakeholders transparent guidance on developments in the gas sector, and the forward outlook on gas pricing and availability for domestic markets.	This commitment has been superseded as an inquiry by the Australian Competition and Consumer Commission will provide the relevant information to the community.
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Consult extensively with all stakeholders in developing a response while determining the extent to which, if at all, the current fault-based CTP scheme should be modified or replaced to meet the National Injury Insurance Scheme minimum benchmarks.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Ensure that the funding allocated to the Great Start Grant remains to assist first home buyers. Any further policy considerations will be done in consultation with the property sector including the Housing Industry Association.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Not increase the effective rates of royalties for coal, minerals and petroleum and gas.	
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	Investigate ways to improve the <i>Queensland Competition Authority Act 1997</i> to place a stronger focus on achieving greater economic efficiency of regulated assets and a transparent performance and accountability framework for the Queensland mines and petroleum gas inspectorates.	

Minister	Department	Commitment	Status
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Queensland Treasury	<b>Working Queensland</b> There will be a steady, methodical, disciplined approach to fiscal policy, which will mean no job cuts in the Queensland Public Service (QPS).	Completed
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Department of Aboriginal and Torres Strait Islander Partnerships	Establish a fund of up to \$21 million to address the long standing historical issue of the need for compensation for the wages stolen from Aboriginal and Torres Strait Islander Queenslanders, including establishing a special taskforce to develop the criteria for the allocation of funds as well as assess applications.	Completed
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Department of Aboriginal and Torres Strait Islander Partnerships	Help Palm Island review its alcohol management plan.	Completed
Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships	Department of Aboriginal and Torres Strait Islander Partnerships	Convene a Ministerial Roundtable with leaders of all Aboriginal Shire Councils and Torres Strait Island based Councils and with the Local Government Association of Queensland (LGAQ) within 100 days to investigate the suitability of existing State Government support to this unique group of councils with specific ambit to consider the three goals contained within item 5 of the LGAQ Policy Plan.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building Queensland: Infrastructure for stronger growth</b> Create a new independent body called Building Queensland. Under the Building Queensland model, projects will be prioritised based on the economic activity they can unlock including future revenue returns to the State and local governments.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building Queensland: Infrastructure for stronger growth</b> Prepare an infrastructure plan within 12 months. The plan will identify government endorsed infrastructure projects to provide certainty around long-term investment decisions and to prevent cost escalation from infrastructure backlogs.	Completed

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Building Queensland will conduct a cost-benefit analysis of large scale-infrastructure projects such as duplication of the North Coast rail line. Projects that pass this assessment would proceed and be prioritised based on need. Should the Building Queensland assessment be favourable, we will liaise with the Federal Government in relation to funding for the project.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building Queensland: Infrastructure for stronger growth</b> Building Queensland to formulate a new best practice framework for assessing the benefits, costs and risks of infrastructure delivery in consultation with Engineers Australia, Civil Contractors Federation, Consult Australia and leading Queensland engineering and planning academics. As part of the framework, investigate the de-bundling of major contracts to allow more Queensland businesses to bid for work, maximise competition, improve efficiencies, employment opportunities and economic activity.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building Queensland: Infrastructure for stronger growth</b> Local governments will have access to borrowing facilities for co-investment in major projects based on the return in rates expected from the delivery of that infrastructure.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Fight to ensure that there is no dilution of the current National Disaster Relief and Recovery Arrangements (NDRRA) funding arrangements by the Federal Government and work with all like minded parties to ensure that such arrangements are preserved.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Keep the Queensland Reconstruction Authority in existence after 30 June 2015 to protect the disaster recovery infrastructure that has been built over the past 5 years.	

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Seek to obtain agreement with federal and local government to jointly create and fund a Community Resilience Fund on an ongoing basis. Initially fund a \$40 million Community Resilience Fund for the 2015-16 financial year. The Fund will fund projects which support the betterment and mitigation of State and Local Government infrastructure which is vulnerable to natural disasters. Funding of the Community Resilience Fund is envisaged to be provided in the following proportions: - State Government: \$40 million per annum - Federal Government: \$40 million per annum - Local Government: \$20 million per annum. If the federal and local governments agree to contribute the above nominated proportions the Community Resilience Fund will be continued for further financial years.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Review the current planning reform process (the <i>Sustainable Planning Act 2009</i> ) to ensure that Queensland's planning laws are efficient and effective and does not place undue power in the hands of the Planning Minister. In the event a new planning bill is enacted, funding support for local governments to manage the transition to a new planning framework will be considered.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Ensure that high-quality urban design and place making underpins new development and to develop and implement healthy planning principles that recognise the important link between community design and health outcomes. We will also encourage the Australian Government to restore the Major Cities Unit and re-engage with urban policy, particularly in terms of supporting strategic trunk infrastructure investments.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Restore the rights of communities, residents and individuals to object to developments without the prospect of harsh financial penalties.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Committed to the equitable allocation of responsibility of infrastructure charges, particularly in relation to Caloundra South. Ensure a fair outcome with regards to infrastructure agreements for this development and minimise the flow-on costs to other ratepayers.	Completed

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Use the regional planning system and legislative instruments to ensure the protection of the natural environment on private land.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Retain the State Assessment and Referral Agency as part of the Queensland planning framework.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Identify further Priority Development Areas previously described as Urban Development Areas.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Ensure that research on social and economic impacts of developments on regional resource communities is considered prior to the declaration of a Priority Development Area, including prior engagement, endorsement and consultation with local government.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Establish a Construction, Planning and Property Red Tape Reduction Panel. This panel comprising industry representatives and all levels of government will be tasked with identifying needless regulatory imposts on the property sector in Queensland and will report directly to Cabinet.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Reassess the controversial Cedar Woods development at Upper Kedron, a 1000-lot development approved by Brisbane City Council late 2014.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Ensure the Beerwah East site is retained in the South-East Queensland Regional Plan as the identified growth area in the southern Sunshine Coast corridor.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Forward a copy of the letters from the Wide Bay Burnett Regional Organisation of Councils (dated 14 January 2015) and the Isaac Regional Council (dated 6 January 2015) to Building Queensland upon its establishment.	Completed

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Undertake a Bundaberg Flood Protection Scoping Study and develop a 10-year action plan for major flood mitigation works in Bundaberg.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Reinstate world-class coastal planning laws to ensure the Great Barrier Reef is not adversely affected by development along our coastline.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Prohibit the sea-based disposal of capital dredge spoil within the Great Barrier Reef World Heritage Area. Immediately legislate to ban the dumping of dredge spoil in the Great Barrier Reef World Heritage Area.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Optimise the use of existing port infrastructure in four ports within the World Heritage Area, Townsville, Abbot Point, Mackay-Hay Point and Gladstone, and prohibit capital dredging outside these ports.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Where expansion is necessary within the ports of Townsville, Abbot Point, Mackay-Hay Point and Gladstone, mandate the beneficial reuse of dredge spoil, such as land reclamation in port development areas, or disposal on land where it is environmentally safe to do so and require that all proponents of new dredging works demonstrate their project is commercially viable prior to the commencement of work.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Not support the dumping of dredge spoil on the Caley Valley Wetlands. Pursue the better environment option of offshore land reclamation in the port development area.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Dredging of Trinity Inlet in Cairns campaign will not be subsidised and we will not allow dredging to go ahead at Trinity Inlet unless there is a responsible, workable plan to use the dredge spoil for land reclamation or dispose of it safely on land.	

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Prohibit any development in the Greater Fitzroy River delta and ensure that any necessary increase in port capacity is confined within the existing Port of Gladstone.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Saving the Great Barrier Reef</b> Not support the Newman Government's deal to fund Adani's dredging operation to secure their expansion of Abbot Point and the rail line construction for their proposed mine. Not spend taxpayer money to build a rail line for a private commercial project.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Working Queensland</b> Establish a voluntary Industry and Manufacturing Advisory Group, reporting to the proposed Minister for Industry and Manufacturing, with high level representation from industry, government and unions.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Jobs Queensland</b> Take a "Locals First" policy approach to all new major projects and development opportunities by the identification of emerging opportunities and related skill requirements as part of regional development strategies, through notification of all proposals approved for "Coordinated Project" status by the Coordinator-General to Jobs Queensland, so that the appropriate assessment and planning of requirements can commence immediately.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Strong and Sustainable Resource Communities</b> Implement a Locals First program, legislating against the use of 100% FIFO (fly-in-fly-out) workforces for the operation of mines located near a regional centre or existing mining community.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Strong and Sustainable Resource Communities</b> Amend the <i>State Development and Public Works Organisation Act 1971</i> to require the Coordinator-General to consider, monitor and report on whether workers are being provided with the choice to live in regional communities when making an approval decision on an Environmental Impact Statement (EIS). In addition to this, mining proponents will be required to utilise existing housing when applying for an EIS.	Completed

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Strong and Sustainable Resource Communities</b> Make representations to the Commonwealth to implement the recommendations of the Standing Committee on Regional Australia's report entitled 'Cancer of the bush or salvation for our cities?: Fly-in, fly-out and drive-in, drive-out workforce practices in Regional Australia'.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building our Regions</b> Deliver the fourth round of the Royalties for Regions program in 2015-16, reserving the right to review all projects awarded funding.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building our Regions</b> Establish a \$70 million over 2 years Regional Capital Fund for infrastructure projects in provincial cities and surrounding rural areas. The Fund will be open to local governments of provincial cities and surrounding rural areas for transport, flood mitigation and community infrastructure projects.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building our Regions</b> Establish a \$55 million over 2 years Royalties for Resource Producing Communities Fund for infrastructure projects in mining communities. The Fund will be open to local governments of mining communities for transport, flood mitigation and community infrastructure projects.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Building our Regions</b> Establish a \$15 million over 2 years Remote Communities Infrastructure Fund for infrastructure projects in remote communities to help ensure the most isolated parts of Queensland are not forgotten. The Fund will be open to local governments of remote communities for transport, flood mitigation and community infrastructure projects.	
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Strong and Sustainable Resource Communities</b> Review within the first 100 days all existing 100% FIFO (fly-in-fly-out) arrangements and where a mining operation is located near a regional community, require workers to be given a choice of where they live.	

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Introduce significant financial and other penalties to ensure compliance with the Coordinator-General's decisions on approving Environmental Impact Statements (EISs).	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Require the Coordinator-General to report annually to the Parliament, with support from the Queensland Government's Statistician's Office and input from local governments, on the number of non-resident workers (including contractors) in the Bowen Basin and Surat Basin, including an assessment of flow-on social, community and economic impacts on regional communities. As part of this assessment, the Coordinator-General will be required to consider the ongoing appropriateness of existing workforce arrangements and monitor population balance with the aim to achieve sustainable resident to non-resident ratios.	In Progress
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Reintroduce Social Impact Assessments into the Environmental Impact Statement (EIS) approval process, including impacts on local sporting clubs and small businesses.	In Progress
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>New sports stadium for North Queensland</b> Contribute up to \$100 million for the construction of a new sports stadium for North Queensland, located near Townsville's CBD. A co-operative effort could ensure the new stadium is planned, designed and built within the next four years.	In Progress
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	<b>Protecting Gold Coast beaches</b> Work to protect the Gold Coast's northern beaches and South Stradbroke Island (including The Spit and Wave Break Island) from developments, such as the proposed Broadwater cruise ship terminal, which will destroy their public amenity.	In Progress
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Transition the economy of North Stradbroke Island from sand mining by committing \$20 million over five years towards a North Stradbroke Island Economic Transition strategy.	In Progress

Minister	Department	Commitment	Status
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	\$250,000 to upgrade the foreshore at Emu Park from the Building our Regions Fund.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Ensure proper planning is undertaken so that neighbouring schools whether they are government-run, Catholic or independent, can share sporting facilities - lowering the cost of purchasing large tracts of land.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Make publicly available the secret development protocol between the Newman Government and the proponents of the Integrated Food and Energy Development (IFED) project and, in addition, rescind the development protocol.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Review the Newman Government's massive sale of government-owned land. During this process we will consider whether it is in the public interest to divest itself of land which is currently being used by non-profit organisations such as Mimburri.	Completed
Minister for State Development, Manufacturing, Infrastructure and Planning	Department of State Development, Manufacturing, Infrastructure and Planning	Scrutinise the approval processes for New Acland Mine Stage 3 project and the impacts of this mine on local communities.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Place the proposals for the Queen's Wharf Integrated Resort Development through a proper and thorough departmental assessment and probity review. Any decision on a Queen's Wharf Integrated Resort Development will be based on both independent departmental advice and the above review.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Aim to ensure all licence and project approvals in relation to the Aquis integrated resort development licence for Cairns are completed in 2015 subject to due process.	In Progress
			This commitment has been superseded as Aquis Resort at the Great Barrier Reef Pty Ltd has formally notified the Queensland Government that it has elected to withdraw from the integrated resort development process.

Minister	Department	Commitment	Status
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Give the Gold Coast a more central role in planning for the Commonwealth Games.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	The Tourism and Commonwealth Games Cabinet Committee will actively engage and partner with industry to achieve our shared responsibilities and to work cooperatively towards the Tourism 2020 strategy goals.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Boost the Attracting Aviation Fund by \$10 million over three years for new flight routes attracting international visitors, with the Far North expected to be a major winner from the funding. The funds will be made available to support regional tourism organisations, which would be able to apply for grants for strategies to partner with and attract international airlines and flights to the State.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Invite the tourism industry to sit on the Jobs Queensland board to ensure the workforce and skills necessary to provide a world-class customer experience.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Boost the budget of Tourism and Events Queensland (TEQ) by \$10M a year for four years to: 1) attract major new drawcards, attract events to regional Queensland and boost marketing; and 2) offer incentives for the creation and promotion of new and improved events for Queensland, including up to a four year funding guarantees for supported events.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Attract events to regional Queensland and work those events into a revamped destination marketing strategy for regional Queensland.	Completed

Minister	Department	Commitment	Status
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Rule out the introduction of a bed tax on the tourism industry.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Undertake a review within 12 months to develop a new tourism and transport strategy for Queensland.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Ensure stability in the Queensland tourism industry by supporting an annual forum with Government for the tourism industry.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Work with industry via the Tourism and Commonwealth Games Cabinet Committee to encourage initiatives that foster innovation in the tourism sectors including better ways to develop online services.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Growth for Tourism Guarantee</b> Work with industry to drive promotion and tourism investment in the international Asian markets.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Meet with Ms Kate vanderVoort (Samford Commons) to discuss possible other methods of support for the Samford Commons and how we might assist the long-term ambitions for the Commons.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland</b> Provide \$50 million over three years under Advance Queensland to reinvigorate science and innovation to help create the well-paid, knowledge-based jobs of the future.	

Minister	Department	Commitment	Status
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland</b> Establish a high-level Advance Queensland expert panel to provide advice and direction to the Advance Queensland initiative.	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland Research Fellowships</b> Award up to 100 Advance Queensland Research Fellowships, at a cost of up to \$33 million, specifically targeting links with industries, women and regional and Aboriginal and Torres Strait Islander researchers. A specific focus for research will be protection of the Great Barrier Reef and stimulating new areas of industry such as industrial biotechnology. The four components to research fellowships: - Advance Queensland Innovation Fellowships (up to 60 in total) - Advance Queensland Women's Fellowships (up to 15 in total) - Advance Queensland Regional Fellowships (up to 15 in total) - Advance Queensland Aboriginal and Torres Strait Islander Fellowships (up to 10 in total).	
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland Innovation Fellowships</b> Advance Queensland Innovation Fellowships (up to 60 in total) will be focussed on developing links between industry and researchers, and to target research that will help stimulate economic growth and jobs. Innovation Fellowships will comprise funding to researchers of approximately \$200,000 (includes researcher's salary, on-costs and project costs) a year for three years - sourced through a co-operative arrangement between the Queensland Government (50 per cent), universities (25 per cent) and an industry partner (25 per cent).	

Minister	Department	Commitment	Status
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<p><b>Advance Queensland Women's Fellowships</b></p> <p>Advance Queensland Women's Fellowships (up to 15 in total) will be offered, specifically for mid-career female researchers. Women's Fellowships will comprise funding of approximately \$200,000 (includes researcher's salary, on-costs and project costs) a year for three years. Funding will be sourced through a co-operative arrangement between the Queensland Government (75 per cent of funding), and university and industry partners (the remaining 25 per cent).</p>	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<p><b>Advance Queensland Regional Fellowships</b></p> <p>Advance Queensland Regional Fellowships (up to 15 in total) targeting mid-career researchers linked with a regional Queensland university and working in one of the Advance Queensland target areas. Regional Fellowships will comprise funding of approximately \$200,000 a year (includes researcher's salary, on-costs and project costs) for three years. Funding will be sourced through a co-operative arrangement between the Queensland Government (50 per cent of funding), the university (25 per cent) and an industry partner (25 per cent).</p>	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<p><b>Advance Queensland Aboriginal and Torres Strait Islander Fellowships</b></p> <p>Advance Queensland Aboriginal and Torres Strait Islander Fellowships (up to 10 in total) will be offered, specifically for researchers who identify as Aboriginal and Torres Strait Islander and are in the early stages of their careers. Aboriginal and Torres Strait Islander Fellowships will comprise funding of approximately \$150,000 (includes researcher's salary, on-costs and project costs) a year for three years. Funding will be sourced through a co-operative arrangement between the Queensland Government (75 per cent of funding), and university and industry partners (the remaining 25 per cent).</p>	Completed

Minister	Department	Commitment	Status
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland Knowledge Transfer Partnerships Program</b> Establish the Advance Queensland Knowledge Transfer Partnerships Program with funding up to \$8 million to facilitate improved collaboration between researchers and industries.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland University Scholarships</b> Award 20 Advance Queensland University Scholarships to post-graduate students worth \$10,000 each year for the duration of each Master's degree to encourage women, Aboriginal and Torres Strait Islander students and those from low socio-economic backgrounds to pursue a Masters degree in specific fields of study.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Advance Queensland Women's Academic Fund</b> Set aside \$1 million for the Advance Queensland Women's Academic Fund, which will provide a funding source for female researchers to help them advance their careers.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	Provide \$1 million to fund the engineering laboratories as Central Queensland University expands its new Cairns inner city campus.	Completed
Minister for Innovation and Tourism Industry Development and Minister for Cross River Rail	Department of Innovation and Tourism Industry Development	<b>Fairer Public Transport Fares</b> Fight for federal funding from the Federal Government in order to help deliver the Cross River Rail inner city rail solution as part of a broader vision to revitalise and transform rail services.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Review the current processes for appointment of judicial officers in consultation with stakeholders and develop a new protocol for judicial appointments.	In Progress

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Commence new recruitment processes immediately for the Chair and CEO of the anti-corruption watchdog under the new appointment arrangements providing a new independent head. Ensure that the CEO is not a commissioned officer under the Act and that there is bipartisan support of the Parliamentary Crime and Corruption Committee (PCCC) for the CEO appointment.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Sentencing Advisory Council</b> Reinstate the Sentencing Advisory Council. One of the most important roles of the re-established Sentencing Advisory Council will be to conduct education programs in relation to the justice system, particularly as it operates in respect of sentencing offenders.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Introduce a 1am lockout for licensed premises and stop the service of alcohol at 3am. Venues with an existing 5am closing licence may choose to remain open to serve food, non-alcoholic beverages and provide entertainment.	A range of evidenced-based measures and tighter restrictions on the serving of alcohol are being rolled out to reduce alcohol-fuelled violence.
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Continue the operation of the safe night precincts in Fortitude Valley, Surfers Paradise and Townsville, and consider the expansion of safe night precincts to other areas to ensure local services and strategies are well co-ordinated and effective.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Reinstate the moratorium on very-late-night / early morning trading in Queensland, with no further late-night trading licences to be issued for two years.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Impose mandatory ban orders on troublemakers found guilty of repeat offences in pubs, clubs and safe night precincts.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Ban the sale of high-alcohol-content drinks, including shots, after midnight.	

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Investigate strategies to ensure safe travel to and from work for industry staff in the early hours.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Conduct a review of the number and type of licences in safe night precincts and other entertainment precincts with existing very-late-night trading licences including risk-based assessment processes.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Tackling alcohol fuelled violence</b> Increase inspections in safe night precincts by liquor licensing officers, particularly on Friday and Saturday nights.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Legislate to set the political donation disclosure level to \$1000 (from \$12,400), retrospective to 21 November 2013.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Limit temporary appointments for the Chair, Commissioners and CEO of the anti-corruption watchdog to three months, unless there is bipartisan support.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Enable anonymous complaints to be made to the anti-corruption watchdog by removing the requirement under the <i>Crime and Corruption Act 2001</i> for complaints to the Crime and Corruption Commission (CCC) to be by Statutory Declaration.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Amend the <i>Crime and Corruption Act 2001</i> to reinstate the watchdog's critical prevention function and remove the requirement for Ministerial approval for a research plan developed pursuant to the research function. Ensure the prevention function is properly staffed and resourced to undertake this work and ensure the preventive advice extends to local government and universities.	Completed

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Restoring integrity and accountability in Queensland</b> Require bipartisan support for the appointment of a non-government Chair to the parliamentary committee overseeing the anti-corruption watchdog.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Keeping Our Community Safe</b> Establish a high-level taskforce of relevant stakeholders, including the Queensland Police Service and other relevant government agencies, the Bar Association of Queensland, the Queensland Law Society and the Police Union to oversee the scheduled review of the Newman Government's criminal organisation laws and to advise on the proposed new laws which will include a new offence of serious organised crime. The taskforce is to consider the proposed alternative organised crime laws, including a proposal to create a new offence of committing 'serious organised crime', with a maximum penalty of life imprisonment, and a 'fit and proper person' test for industry licensing schemes.	In Progress
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Keeping Our Community Safe</b> Conduct a Commission of Inquiry into Organised Crime in Queensland, established under the <i>Commissions of Inquiry Act 1950</i> , to ascertain the nature, extent and impact of organised crime in Queensland.	In Progress
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Keeping Our Community Safe</b> Conduct the review of the Newman Government's criminal organisation laws, required under the legislation, and report back by the end of 2015. The intent is to repeal the current anti-association legislation, and replace these laws with legislation that will specifically target all organised criminal activity, not just by motorcycle clubs. The existing laws will remain in place until the new laws are passed through the Queensland Parliament.	In Progress
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<b>Keeping Our Community Safe</b> Industry licensing schemes be based on the 'fit and proper person' test, which will be applied in a consistent manner across industries, and that persons will not be prohibited from holding an industry licence, thereby losing their right to earn a livelihood, on the basis of mere association.	In Progress

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<p><b>Domestic Violence</b> Amend the <i>Penalties and Sentences Act 1992</i>, <i>Evidence Act 1977</i>, <i>Domestic and Family Violence Protection Act 2012</i> and the <i>Victims of Crime Assistance Act 2009</i> to:</p> <ul style="list-style-type: none"> <li>- toughen laws to deliver harsher penalties for perpetrators of domestic violence</li> <li>- allow the admission of evidence of a history of domestic violence in a court proceeding if the parties were involved in a domestic or family relationship</li> <li>- ensure that all victims of domestic violence could access victims' assistance, even where the domestic violence was non-physical in nature.</li> </ul>	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	<p><b>Domestic Violence</b> Investigate ways to streamline domestic violence order applications and court processes for police and victims to reduce the stress and complication of the process and consider any recommendations made by the Queensland Domestic Violence Taskforce.</p>	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Establish a Commission of Inquiry into the decisions and circumstances surrounding the closure of the Barrett Centre adolescent mental health unit at Wacol. Appoint a retired judge under the <i>Commissions of Inquiry Act 1950</i> to conduct the inquiry with full powers to summon witnesses and call for the presentation of all relevant documents.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Reintroduce Diversionary Processes (Special Circumstances Court, Drug Court, Murri Court, and youth justice conferencing) and programs, as soon as fiscally practicable.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Work with the Electoral Commission of Queensland and other parties to develop a real-time online system of disclosure of electoral donations.	Completed

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Following the appointment of a new independent chair of the anti-corruption watchdog, hold a public inquiry into links, if any, between donations to political parties and the awarding of tenders, contracts and approvals.	The ECQ has introduced Australia's first real-time electronic donation disclosure system. Additionally, independence has been restored to the CCC in exercising its research function. Following the 2016 Local Government elections, the Crime and Corruption Commission initiated Operation Belcarra. In response to the report a ban on property developer donations will apply at both the State and local government level.
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Seek advice from the Department of Justice and Attorney-General regarding the issues relating to a possible Bill of Rights in Queensland. This advice will be published to allow public discussion on the matter.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Make sure that community groups from all regions of Queensland can access funding from the Gambling Community Benefit Fund, despite the centralisation of previous regional-based funds.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Cap the total number of poker machines to ensure there is no total increase across Queensland.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Widen the definition of 'corrupt conduct'.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Remove the discriminatory and unnecessary voter ID laws.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Revise the terms of appointment of the chair of the Crime and Corruption Commission to make the employment conditions similar to that of a Supreme Court Judge, with access to a judicial pension.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Return Environmental Defenders Office (EDO) to the list of legal services eligible for funding under the Legal Practitioners' Interest on Trust Accounts Fund.	

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Amend the <i>Penalties and Sentences Act 1992</i> so as to reinstate the principle that imprisonment should only be imposed when there is no other less onerous sanction appropriate.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Be guided by advice from the Electoral Commission Queensland (ECQ) regarding the expansion of an 'electronically assisted voting process' into online voting.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Continue to consult with the Queensland Coalition for Action on Alcohol and other stakeholders in the development of any future policy initiatives to find effective solutions to reduce alcohol related harm and violence in and around licensed premises in Queensland.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	The Office of Liquor and Gaming Regulation will publish risk analyses, regulation breaches and penalties imposed by location (including entertainment precincts) and by licence type.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Licensing fees for high-risk venues will be increased, as will penalties for breaches of existing regulations in high-risk venues.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Immediately act to remove existing clauses in community legal centre contracts that restrict engagement in advocacy activities for law reform purposes, and will not impose such restrictions in future contracts.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Review the available funding sources for Legal Aid with a view to increasing, over time, the funding provided for state-funded legal assistance services to a level that is at least equal to the national average per capita.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Undertake a comprehensive audit of all Queensland courts and tribunals with a view to providing appropriate resourcing of courthouses. The audit will include the existing provision of: <ul style="list-style-type: none"> <li>- A soundproof interview room</li> <li>- Access for mobility impaired persons</li> <li>- Facilities to assist persons with disabilities</li> <li>- Videoconferencing facilities</li> <li>- E-filing.</li> </ul>	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Consult with stakeholders to ascertain how access to interpreter services in the justice system can be improved.	

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Establish an independent crime statistical body which will publish independent crime statistics for all criminal offending across Queensland.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	The Attorney-General will meet with the Director of Public Prosecutions to discuss the operation of the office, and to ensure that programs introduced by previous Labor Governments are being appropriately administered.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	In keeping with commitment to reducing the over-representation of Aboriginal and Torres Strait Islander peoples in the criminal justice system, the Government will look at ways of introducing those programs that have been slashed, and developing new programs which will address this serious issue.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Amend the civil unions legislation to ensure the provisions removed from the 2011 legislation by the Newman Government are restored.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Introduce the legislation foreshadowed in 2012, which will give effect to the recommendations of the chair of the Expert Committee. Section 304 of the Criminal Code would be amended to ensure that an unwanted sexual advance would not be enough to establish the partial defence of provocation unless there were exceptional circumstances.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Refer the issue (of whether historical gay sex convictions should be expunged from a person's criminal record) to the Queensland Law Reform Commission for its consideration of the appropriateness of making this change to the law and, if so, how it should be effected.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Establish an expert committee consisting of key health experts, who will consider the implications of this issue (legislating to making the 'age of consent' in Queensland uniform with the other States in Australia), and make recommendations.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Ensure that the review of the <i>Right to Information Act 2009</i> has been conducted appropriately, conduct further consultation deemed necessary and then complete the review.	
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Restore the Special Reporting Events requirement to report large donations (such as donations over \$200,000) immediately.	

Minister	Department	Commitment	Status
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Introduce legislation to prevent sex offenders and other serious violent offenders from using social media websites and dating applications to protect the community. [Note: Guidelines to the Parole Board have been issued through existing Corrective Services legislation.]	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Assess the findings and recommendations of the Queensland University of Technology report on lot entitlements (the system of sharing body corporate expenses among unit owners) with a view to establishing a system that is fair to unit owners.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Consider the Real Estate Industry of Queensland's proposal to introduce compulsory Continuing Professional Development for Real Estate Agents.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Consult with industry about the best way forward in response to the proposed model legislation (released by the Standing Council on Law and Justice in October 2013) that will amend civil liability legislation to prohibit contracting out of proportionate liability. It is noted that a uniform approach is often preferred by businesses operating across multiple jurisdictions.	Completed
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Review the <i>Body Corporate and Community Management Act 1997</i> and investigate the approach taken by the New South Wales Government to facilitate the redevelopment of ageing and uneconomic buildings in consultation with the Urban Development Institute of Australia (UDIA) and peak community titles sector stakeholders.	In Progress
Attorney-General and Minister for Justice	Department of Justice and Attorney-General	Make a referral to the Queensland Law Reform Commission to investigate alternatives to incarceration, including but not limited to justice reinvestment and court-ordered parole.	This commitment has been superseded because of other work being undertaken within the criminal justice system to address the core issues of incarcerations and justice re- investment.
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Supporting Seniors</b> Provide \$20 million in grants over four years to non-government organisations to provide long day respite that caters to the specific needs of elderly people with dementia.	Completed

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	Maintain existing services including 21 palliative care and rehabilitation beds and access to 24-hour-a-day primary care services in Wynnum.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Nursing guarantee</b> Fund our Hospital and Health Services (HHSs) to recruit an additional 400 nursing positions, in addition to planned workforce growth to rebuild patient safety and patient journey services cut back by the Newman Government. These positions will be allocated based on service volume and patient need.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Nursing guarantee</b> Legislate in the first term for safe nurse-to-patient ratios and workload provisions to ensure patient safety and quality health care. Implement safe nurse-to-patient ratios and workload provisions in the new enterprise agreement.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Nursing guarantee</b> Audit patient safety and quality improvement functions in our Hospital and Health Services.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Nursing guarantee</b> Ensure the system-wide patient safety and quality improvement functions in our hospitals and in the Department of Health are restored.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Nursing guarantee</b> Re-establish the Patient Safety and Quality Improvement Service with 20 new positions and 40 positions transferred from the current Patient Safety Unit.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	Boost funding to the Heart Foundation Walking Groups program.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	Fund the web-based '10,000 Steps' program promoted by Central Queensland University to encourage people of all ages to monitor and record their walking time and distance.	In Progress
Minister for Health and Minister for Ambulance Services	Queensland Health	Deliver long-term residential care on the Eventide site at Brighton. Engage with and work alongside Eventide residents, their families, staff, volunteers and the neighbouring community to determine the details of future residential care.	In Progress

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	Provide funding for security to protect health care workers in high risk wards and facilities in Townsville.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Strong and Sustainable Resource Communities</b> Provide adequate access to 24-hour mental health and support services for resident and non-resident mining workers.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Rebuilding intensive mental healthcare for young people</b> Build a new residential (Tier 3) facility in south-east Queensland for young people with serious mental health issues, including an integrated specific-purpose school. The facility will offer up to 22 beds and a day program for a further 20 patients. Previous plans for a new centre at Redlands will be reviewed to consider the best option for the site of the new facility. The new centre will have both step-down accommodation for graduated independent living and family accommodation to ensure adolescents can effectively return home as part of their recovery.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Rebuilding intensive mental healthcare for young people</b> Provide expanded day services in a number of locations and review the role of Assertive Mobile Youth Outreach Services and the Tier 2 sub-acute residential programs currently proposed by the Children's Health Queensland Hospital and Health Service.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Rebuilding intensive mental healthcare for young people</b> Expand services to co-located step down and transition accommodation and associated services in Townsville for young people in northern and regional Queensland.	

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	<p><b>Rebuilding intensive mental healthcare for young people</b></p> <p>Expand the number of acute mental health hospital beds for adolescents and the associated adolescent community residential facility in Townsville, to service families in northern and regional Queensland.</p>	<p>This commitment has been superseded. Dedicated adolescent acute mental health beds for North Queensland are provided at the Josephine Sailor Adolescent Inpatient Unit based at Kirwan Health Campus. Two new youth residential rehabilitation facilities commenced operation in Townsville in early 2016, delivering on the Government's election commitment in this area.</p>
Minister for Health and Minister for Ambulance Services	Queensland Health	<p><b>Health for Life! Taking action on diabetes</b></p> <p>Implement program based on Health for Life!, targeting 10,000 Queenslanders at high risk of developing diabetes to help them make positive changes to their lifestyles. The Health for Life! program will have staged implementation with a built-in evaluation in partnership with community organisations and research institutes.</p>	
Minister for Health and Minister for Ambulance Services	Queensland Health	<p>Establish a service agreement with Health Consumers Queensland (HCQ) to advocate independently for patients and their families and to empower health consumers in the planning, design, delivery, monitoring and evaluation of Hospital and Health Services (HHSs). HCQ will provide training and support for consumer representatives to work with HHSs, ensuring compliance with National Safety and Quality Health Service (NSQHS) Standard No. 2 Partnering with Consumers. We will encourage HCQ to work with Chronic Pain Australia to improve service access and health outcomes for patients with persistent pain.</p>	
Minister for Health and Minister for Ambulance Services	Queensland Health	<p>Review the role of the Health Ombudsman as an appropriate agency for ensuring system-wide patient safety, quality improvement in both clinical care and health service management and for the dissemination of health system performance data. The focus will be on the non-complaints role.</p>	

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Refresh Nursing!</b> Support up to 4000 new graduate places in our public hospitals and health services over the next four years at a cost of \$111 million. \$111 million will be spent on guaranteeing 1000 extra nursing graduates 12 months' work each year.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>Refresh Nursing!</b> Develop mechanisms to ensure that Hospital and Health Services employ domestic Queensland nurse graduates as a priority over other new graduates.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Review and/or halt all contestability processes within Queensland Health and the Hospital and Health Services.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Review visitor and staff car parking at Nambour Hospital in conjunction with the opening of services at the Sunshine Coast Public University Hospital.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Ensure that Queensland Health and our Hospital and Health Services act on Recommendation 2 of the Queensland Auditor-General's Report to Parliament No. 1 of 2013-14 <i>Right of private practice in Queensland public hospitals</i> i.e. "establish clear targets for the optimal medical workforce in the context of desired clinical, patient access and financial outcomes".	
Minister for Health and Minister for Ambulance Services	Queensland Health	Develop a state-wide persistent pain management strategy. This strategy will be prepared in consultation with health consumers, our Hospital and Health Services, relevant primary care/community organisations including Chronic Pain Australia and the Australian and New Zealand College of Anaesthetists. The mix of services, including the need for a paediatric pain service, will be assessed during these consultation.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Support the continuation of the Specialist Training program (STP) and lobby the Federal Government within the Australian Health Workforce Ministerial Council to continue the STP. In consultation with the surgery profession, colleges, our universities and our Hospital and Health Services, explore options to ensure the integrity of expanded specialist training programs.	

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	No privatisation of QAS patient transfer and communications.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with QAS and United Voice to establish a proper process to assess professional needs in terms of ambulance numbers.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with QAS and United Voice to review and introduce a new fatigue management policy that actively monitors and manages all aspects of fatigue-related risk arrangements in QAS and the application of policy to ensure fatigue-related risks are effectively monitored.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with QAS and United Voice to establish a proper process to assess best methods to improve rostering to ensure best practice rostering for medical dispatch and patient records that would minimise risks to patients, the public and ambulance professionals.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with QAS and United Voice to establish a proper process to assess skills gaps and implement measures to fill these gaps, as well as commit to regularly scheduled skills maintenance and development additional to operational taskings.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work cooperatively with ambulance officers to progress professional registration at a national level and will provide an appropriate response if a national registration scheme for paramedics is introduced.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with emergency service workers to enable them to transition out of the service before they reach the age of 70, including appropriate access to medical discharge pensions, retraining, or the development job pathways.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Not cut any existing conditions for ambulance officers.	Completed

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	Address the shortage of some medical specialists through training programs and recruitment targets for regions to ensure there are sufficient skilled doctors where and when they are needed. This is a recommendation of a recent report of the Queensland Auditor-General and we will implement this recommendation.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Support the expanded scope of practice for Allied Health Practitioners (e.g. physiotherapists) and Special Nurses (e.g. for endoscopies and colonoscopies) to support the work of medical specialists.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Consult regularly with the surgery profession on the planning of surgical services in Queensland. In particular, we will seek opportunity to expand the supply of surgery services, particularly in regional centres, by facilitating the training of registrars in public hospitals seeking a fellowship with the RACS (Royal Australasian College of Surgeons).	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Restore fairness and balance to employment conditions for salaried doctors and consult with senior doctors and surgeons before any further changes are made to Rights to Private Practice arrangements in public hospitals.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	The Queensland Audit Surgical Mortality program is a component of our patient safety systems that we will retain with a funding commitment for three years to 30 June 2019.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Support the removal of individual contracts for Queensland's senior doctors.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Keep Pathology Queensland as a valuable asset of our publicly owned hospital and health services.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Release health statistics around waiting lists and maintain and expand the public release of hospital performance data.	Completed
Minister for Health and Minister for Ambulance Services	Queensland Health	Contingent on implementation of the first stage of the Nurse Guarantee, budgetary consideration and the re-establishment of national partnership agreements, consider creating an independent Bureau of Health Information based on the proven model currently operating in NSW.	In Progress

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	Commence the collaborative process of negotiating for the next Medical Officers Certified Agreement (MOCA4) and a joint working party addressing fatigue issues as part of these negotiations.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Maintain funding for mental health services and plan the growth in funding and service provision to keep pace with service demand within budgetary constraints.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Consider further investments for health care services in Aboriginal and Torres Strait Islander communities within budgetary constraints and lobby the Federal Government to increase its contributions.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Consult with senior clinicians and hospital managers during the development and implementation of new ICT systems for our Hospital and Health Services.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Develop, in consultation with Parkinson's Queensland, a Parkinson's Nurse Specialty Service in Queensland.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Work with The Pharmacy Guild of Australia to investigate options that would improve the regulation and monitoring of pharmacy ownership.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Restore the population health capacity of our health system.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Restore public sexual health services at BIALA (sexual health clinic) to ensure a comprehensive, multidisciplinary and specialised approach for disengaged populations and people with complex needs.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Require Hospital and Health Services to report on and publish key indicators for nurse/midwife to patient ratios and the skills mix of clinical services and review this requirement for private sector providers.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Advocate for the inclusion of fair workloads and an appropriate skills mix in national safety and quality standards for all health facilities and the publication of key performance indicators.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Partner with the Heart Foundation to implement complementary primary secondary and tertiary prevention.	

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Establish a state-wide Queensland Health Promotion Commission (QHPC) as an independent statutory body under a Queensland Health Promotion Commission Act. Five new positions will be created and approximately ten existing positions from the Department of Health will transfer to support the QHPC.	This commitment has been superseded by the 2017 Government election commitment relating to the public health commission.
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Support local government participation in the enforcement of tobacco control strategies including initiating community consultation to assess further strategies to prevent passive smoking.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Update the successful multimedia health promotion program Go for 2&5 to increase fruit and vegetable consumption, to include school and community gardens, farmers markets and local fruit and vegetable stores.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> \$250,000 for a State Government/NGO Partnership to develop an electronic version of My Heart, My Life to increase patient access.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Provide better state-wide support to people after a heart attack including a thorough discharge plan, access to life-saving cardiac rehabilitation programs and high quality self-management tools.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Re-establish and expand the School Aged Health Services for primary school-aged students under the auspices of Children's Health Queensland as a state-wide service providing vision and hearing screening and referral to specialised children's services where most required.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Introduce legislation requiring fast food chains to display the kilojoule content of their food and drinks and conduct an education campaign to help Queenslanders use the kilojoule menu labelling information to make healthier choices when eating 'fast food'.	
Minister for Health and Minister for Ambulance Services	Queensland Health	<b>A Healthier Queensland</b> Develop a state-wide sexual health service strategy to ensure the mix of service provision best meets the needs of specific at-risk populations.	

Minister	Department	Commitment	Status
Minister for Health and Minister for Ambulance Services	Queensland Health	Amend the <i>Public Health Act 2005</i> to give the person in charge of Early Childhood Education and Care Service (ECEC) the option to refuse to allow children who are not fully immunised to enrol in the child-care facility or to participate in activities or services provided by the facility.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Contingent on implementation of the first stage of the Nurse Guarantee, budgetary consideration and the re-establishment of national partnership agreements, consider establishing a Commission for Clinical Excellence.	This commitment has been superseded by the re-establishment of the Patient Safety and Quality Improvement Service.
Minister for Health and Minister for Ambulance Services	Queensland Health	Contingent on implementation of the first stage of the Nurse Guarantee, budgetary consideration and the re-establishment of national partnership agreements, consider a review of operating theatre efficiency.	
Minister for Health and Minister for Ambulance Services	Queensland Health	Provide funding, in line with normal government procurement processes, to the Queensland Aids Council as the peak organisation in Queensland providing health promotion and prevention services to the LGBTIQ community based on international best practice peer to peer standards.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Employ up to an additional 2500 teachers (includes 275 specialist high school teachers) in Queensland state schools over three years to cope with enrolment growth and put downward pressure on class sizes. This will include 875 (290 per year in each of 2016, 2017 and 2018) new teachers above the more than 1600 already planned to be engaged to keep pace with population growth.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> In 2016, 125 Queensland primary schools with the largest number of students stuck in oversize classes will be targeted to receive extra teachers under this policy. Other primary schools will be eligible to benefit in 2017 and 2018.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Ingham State High School and Tully State High School would receive an additional experienced teacher.	

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Maleny SHS and Woodford SHS are set to gain specialist teachers.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Primary schools like Goondi State School and Gordonvale State School would be targeted for extra resources in 2016.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> 16 high schools across the region (Mulgrave electorate) would receive an additional experienced teacher including Bentley Park College, Innisfail State College, Gordonvale High and Yarrabah State School.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> More teachers will be given to six south-west schools Glenala, Corinda, Forest Lake and Centenary State High Schools and Oxley and Corinda State Schools.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Five schools in Redland city would get an extra teacher. Eligible schools were Victoria Point State High, Cleveland District State High, Wellington Point State High, Alexandra Hills State High School and Capalaba State College.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Flagstone State Community College would get at least one new teacher and that Park Ridge State High School would receive at least one teacher and a full time guidance officer. Browns Plains State High School would have more teachers.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Maleny SS, Elimbah SS and Wamuran SS would all be in the first round of schools to receive additional teachers.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Extra teachers</b> Employ an additional 275 (roughly 90 per year) specialist high school teachers in Queensland state schools. Every Queensland high school will be eligible to benefit from the employment of an additional senior teacher to specialise in an area of learning or an area of need.	

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	Invest \$1 million for improved educational infrastructure in our local schools: <ul style="list-style-type: none"> <li>- Petrie Terrace SS - upgrade of broadband and WIFI (\$20,000), new mural wall (\$20,000) and IT equipment (\$60,000)</li> <li>- Milton SS - air conditioning (\$50,000) and IT equipment (\$65,000)</li> <li>- Bardon SS - new playground (\$80,000) and new car park (\$300,000)</li> <li>- Toowong SS - IT equipment (\$65,000)</li> <li>- Ithaca Creek SS - new entry (\$60,000) and IT equipment (\$65,000)</li> <li>- St Joseph's Bardon - new chairs (\$20,000) and new kitchen (\$30,000)</li> <li>- Rainworth SS - IT equipment (\$65,000), air conditioning (\$50,000) and two new cricket practice pitches (\$50,000)</li> <li>- Bardon Community Kindergarten - water play scape (\$10,000).</li> </ul>	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Advance Queensland</b> Review the way science, technology, engineering and mathematics (STEM) subjects are taught in state schools, giving particular consideration to creating a squad of science champions in schools by improving links between schools and research. Once the review is completed, the Government will consider the findings and develop a detailed response.	
Minister for Education and Minister for Industrial Relations	Department of Education	Provide an additional \$37 million in capital grants for the non-state schooling sector in each of the 2015-16, 2016-17 and 2017-18 financial years in consultation with Independent Schools Queensland. The Catholic sector will receive \$25 million per annum under this capital grants program.	
Minister for Education and Minister for Industrial Relations	Department of Education	Work closely with the non-government school sector to lower the cost of building new schools. This includes investigating the provision of low-interest loans or loan guarantees to non-government schooling bodies.	This commitment has been superseded by feedback received from stakeholder consultation. The Queensland Government continues to support the non-government school sector through significant annual funding contributions.

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	Continue the existing method of providing state funding to Catholic and independent schools through the basket-nexus formula. As the cost of educating a child increases in the state system there will be a commensurate increase in per student funding to the Catholic system.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Examine the possibility of creating teams of specialists to ensure all children in our State, whether they are educated in state, Catholic or independent schools are assessed for disability support and are provided with the help they need.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Work with the Catholic sector to design and support parent engagement strategies with an appropriate program of research to analyse the efficacy of particular actions. Make \$250,000 available over three years to the Queensland Federation of Parents and Friends Association of Catholic Schools to roll out its parents engagement strategy in Catholic schools.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Restore respect to the teaching profession</b> Rule out placing principals, deputy principals and teachers on unfair, short-term contracts.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Needs-based language support for Queensland students</b> Distribute funding for teaching English as an additional language or dialect to schools according to the number of students attending a school who need the additional support, and not on an enrolment basis.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Increase counselling and career advice services for Queensland high school students by investing \$9 million to employ more guidance officers.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Ensure every state high school with more than 500 students has a full-time guidance officer or equivalent on staff phased in over 3 years from 2016.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Full-time guidance officers will be in place at Tagai State College, Northern Peninsula Area College and at Mossman High School.	Completed

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Three Townsville high schools can expect to gain full-time guidance officers. The Townsville State High School guidance officer will go from three days a week to full-time, the same will happen at Heatley Secondary College and Thuringowa State High.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Park Ridge State High School will receive a full-time guidance officer	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Supporting students</b> Employ an additional 45 guidance officers over three years (15 in each of 2016, 2017 and 2018) in Queensland secondary, combined and special schools with more than 500 high school aged students.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Letting teachers teach</b> Establish an enhanced and rigorous new teacher classification system and pay structure to modernise and improve the teaching profession. Introduce two new classifications for teachers, Highly Accomplished and Lead. Invest \$6 million over three years to develop new classifications for excellent teachers. Teachers will be able to apply for recognition as Highly Accomplished and Lead Teachers in 2019.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Letting teachers teach</b> Request the Queensland Industrial Relations Commission conduct a thorough work-value assessment to determine the appropriate remuneration levels for the new classifications for excellent teachers.	
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Letting teachers teach</b> Work with universities to encourage the use of traineeships which will enable pre-service teachers to spend as much as six months at a time in schools during their degree.	

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Letting teachers teach</b> Conduct a complete review of the model used to allocate administrative and support staff to Queensland state schools to ensure that principals and teachers have the support they need to do their jobs, and administrative staff such as Business Service Managers are properly rewarded for their important work.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Fund education minor works.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Pressure the Federal Government to provide certainty of funding for early childhood education in Queensland.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Ensure all Queensland children have access to at least 15 hours of kindergarten per week, for 40 weeks in the year before they start school (however this relies on a commensurate commitment and funding from the Federal Government which is the lead provider of funding).	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Explore opportunities to increase the number of Early Years Centres and increase services in areas without a centre.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Examine whether any further interventions are required to address particular issues facing children with complex emotional and social behaviours and Aboriginal and Torres Strait Islander children.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Develop a clear policy for school leaders to address issues commonly faced by lesbian, gay, bisexual, transgender and intersex students.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Work with Special Assistance Schools to address financial challenges.	Completed

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	Ensure that an open and transparent tender process is held to select a community based provider to deliver the Federal Safe Schools program in Queensland schools.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Review the Living Away From Home Allowance to ensure it is serving the best interests of children from isolated areas, their families and the Queensland education system. The Isolated Children's Parents' Association will be involved in this review process.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Meet with education providers to examine the difficulties and challenges of raising and educating a child with a disability in rural and remote areas when services are limited.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Stop Kallangur State School oval being sold.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Push for a review into the need for another North Lakes high school.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Not sell Department of Education and Training land at Calliope currently reserved for a future high school	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Continued commitment for funds for Cairns Special School.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Working Queensland</b> There will be a Charter of Queensland Workers' Rights, recognising and protecting fundamental rights of workers, including fair and equitable remuneration, hours of work and forms of leave.	Completed

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Restoring fairness for Government workers</b> Reinstate conditions for Government workers that were lost as a result of changes made by the Newman Government in 2012. Permanency conditions will be reinstated immediately through legislation and administratively.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Restoring fairness for Government workers</b> Restore fairness for Government workers by re-establishing the independence of the Queensland Industrial Relations Commission (QIRC) when determining wage cases and not dictate maximum pay rates to the QIRC. The QIRC will be returned to its position as a 'layperson's court'.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Honouring the real Labour Day</b> Restore the Labour Day public holiday to the first Monday in May and support a state-wide public holiday in the second half of the year by shifting the Queen's Birthday public holiday to October.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Rebuild Queensland's workers' compensation scheme to be the best in Australia, including restoring the rights of injured workers to access their legal rights (including reinstating injured workers' rights to sue negligent employers if injured at work). Repeal the impairment threshold for access to common law claims arising out of workplace injuries, which denies up to 60 per cent of claimants access to their legal rights.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Reinstate the role that Codes of Practice play in preventing workplace injuries and also in prosecuting unscrupulous employers.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Reinstate the requirement for employers to notify the Department of Justice and Attorney-General where a worker is absent from work for more than four days due to a workplace injury, to make sure that the employer is held to account for safety in their workplace.	Completed

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Commit to safety for electrical workers by reinstating the Electrical Safety Commissioner.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Commit to safety for electrical workers by reinstating the Electrical Education Committee.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Commit to safety for electrical workers by reinstating the Electrical Equipment Committee.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Commit to safety for electrical workers by ensuring a standalone Queensland Electrical Safety Office.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Empower local workplace health and safety (WHS) representatives to have the authority to cease unsafe work. Endeavour to make these legislative changes within the first 100 days of attaining government.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	<b>Improving safety for Queenslanders at work</b> Restore rights of workplace health and safety (WHS) permit holders to enter potentially unsafe sites, in order to protect the safety of workers at that location. Endeavour to make these legislative changes within the first 100 days of attaining government.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Undertake a comprehensive review of Queensland's Industrial Relations laws and tribunals.	Completed

Minister	Department	Commitment	Status
Minister for Education and Minister for Industrial Relations	Department of Education	Reverse the breaches of privacy that are involved in the Newman Government's legislation which allows workers' compensation history to be used against them in future career prospects.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Introduce legislation for firefighters who contract a scheduled respiratory disease so that they do not bear the burden of proving that it was contracted during their duties.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Restore employment conditions within collective agreements for all public sector workers and fight any attempt to reintroduce WorkChoices-style individual contracts by the Federal Government.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Make a submission to the Productivity Commission, unequivocally supporting current arrangements for penalty rates and the minimum wage.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Work on conditions to facilitate family-friendly rosters and fair compensation for commuting travel time.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Injured workers and surviving families of workplace deaths will be included on relevant consultative forums.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Support a Federal inquiry into the use and economic impact of section 457 visas.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Work with Vision Australia to explore opportunities to increase workforce participation of people with a disability or who are blind or have low vision in the public sector.	Completed
Minister for Education and Minister for Industrial Relations	Department of Education	Work with the Maritime Union of Australia (MUA) to source local workers (including Aboriginal and Torres Strait Islander) for the Gladstone shipping industry.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	<b>Fairer Public Transport Fares</b> Work with higher education providers to develop an alternative to the Tertiary Transport Concession Card that will eliminate the need for tertiary students to carry an extra card to access concession fares.	Completed

Minister	Department	Commitment	Status
Minister for Transport and Main Roads	Department of Transport and Main Roads	<b>Fairer Public Transport Fares</b> Not support the privatisation, outsourcing and full contestability of public transport services in Queensland. Commits to maintain Queensland Rail and Brisbane Transport as vertically integrated, publicly owned providers of public transport services. Halt the divisive "competitive tendering" approach to bus contracts and revert to a negotiated contract process with operators.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	<b>Fairer Public Transport Fares</b> Conduct a comprehensive expert-led review of public transport in Queensland (including the TransLink fare structure within 12 months) to determine the optimum fare strategy for South East Queensland that will be fair, affordable, help to boost patronage and deliver a sustainable fare revenue stream to allow the network to continue to grow.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Seek to work with all participants in the taxi industry to ensure that laws are upheld, competition is fair, and the needs of customers are put first. Where laws are being deliberately flouted, appropriate enforcement and penalties are necessary. If this means that demerit points need to be imposed then that is something that we would pursue.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Maintain funding for the Taxi Subsidy Scheme (TSS) and look to improve and enhance the TSS where funding becomes available.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Support the expansion and improvement of Heavy Vehicle Rest Areas and continuing enforcement and compliance activities to improve safety in the industry.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Maryborough will receive part of the \$60 million from the Transport Infrastructure Development Scheme to go towards establishing a transport hub in the heritage city.	This commitment has been superseded due to a lack of industry demand for a transport hub in Maryborough.

Minister	Department	Commitment	Status
Minister for Transport and Main Roads	Department of Transport and Main Roads	<p><b>Building our Regions - Transport Infrastructure Development Scheme</b></p> <p>Double the annual Transport Infrastructure Development Scheme funding delivered to local councils through the Roads and Transport Alliance to \$60 million (\$120 million over two years) and invite councils to seek dollar-for-dollar contributions towards vital transport infrastructure projects. \$40 million a year of funding will be quarantined to road projects outside of urban South East Queensland.</p>	
Minister for Transport and Main Roads	Department of Transport and Main Roads	<p><b>Saving the Great Barrier Reef</b></p> <p>Work with the Federal Government and the International Maritime Organisation to develop a new vessel class which will ensure bulk goods carriers travelling in the World Heritage Area meet stringent safety codes. Ensure no single-hulled bulk carriers or ships with poor safety records will be allowed to use reef shipping lanes.</p>	This commitment has been superseded. The delivery of this commitment is subject to consideration of options by the International Maritime Organisation. The Government will continue to work with stakeholders to implement stringent safety standards for bulk carriers operating in the Great Barrier Reef World Heritage Area.
Minister for Transport and Main Roads	Department of Transport and Main Roads	<p><b>Saving the Great Barrier Reef</b></p> <p>Develop a comprehensive, state-wide framework for maintenance dredging which identifies future dredging requirements, ascertains appropriate environmental windows to avoid coral spawning and protect seagrass, and examines opportunities for the beneficial reuse of dredge spoil or on land disposal from maintenance activities.</p>	
Minister for Transport and Main Roads	Department of Transport and Main Roads	<p><b>Sustainable fishing</b></p> <p>Extend the Marine Infrastructure Fund by \$15 million a year for the 2016-17 and 2017-18 financial years to improve marine infrastructure such as boat ramps all across Queensland and to prioritise projects such as the Cannonvale VMR boat ramp upgrade.</p>	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads	Department of Transport and Main Roads	Commit \$3 million of the Marine Infrastructure Fund to commence the upgrade of the Cannonvale Volunteer Marine Rescue (VMR) boat ramp to fund a capital works project including a breakwater, floating walkway, pontoon and widening of the current ramp within its first term. The entire project is expected to cost \$3.6 million. Whitsunday Regional Council has already invested \$600,000 and the Government would fund the outstanding amount required.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	Contribute \$1.5 million of the Marine Infrastructure Fund towards a complete boat ramp upgrade (at Fisherman's Landing) to provide easy access for recreational fishers and crabbers at the Narrows and Graham's Creek.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	Undertake a genuine and comprehensive feasibility study for a new boat ramp on the Capricorn Coast.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	Review the awarding of road maintenance contracts, particularly in relation to the Sunshine Coast area, and make local jobs a priority.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	The safe passing distance trial should be allowed to continue and be thoroughly evaluated at its conclusion to determine whether it has been effective.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	Prioritise the Mackay Ring Road.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	Call on the Federal Government to contribute to funding for much-needed national Bruce Highway upgrades.	Completed
Minister for Transport and Main Roads	Department of Transport and Main Roads	\$1.5 million to conduct a feasibility study on the Bill Fulton Bridge and will include terms of reference for its connection with the Western Arterial.	Completed

Minister	Department	Commitment	Status
Minister for Transport and Main Roads	Department of Transport and Main Roads	Provide funding (from Building the Regions funds) to install a controlled pedestrian crossing in Allambie Lane in between Good Shepherd Catholic and Rasmussen State Schools in the Upper Ross.	This commitment has been superseded as a bid for funding from the Building our Regions was not submitted. The Department of Transport and Main Roads will install further flashing school zone signs and continue to consult with the community.
Minister for Transport and Main Roads	Department of Transport and Main Roads	Traffic lights and a pedestrian crossing will be installed on the corner of the busy intersection of Delacy and Pine Street in North Ipswich. \$2.5 million will be allocated towards the improvements.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Provide funding for flashing lights on Veales Road, Deeragun between St Anthony's Primary and Secondary schools.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Up to \$1 million to conduct a feasibility study on maintaining a right hand turn lane onto the Logan motorway.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Upgrade the intersection at Underwood Road and School Road in Rochedale South to including signalisation, left hand turn lanes on the School Road side and associated road markings.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Support the rollout of real-time passenger information on the public transport network. As part of that rollout, we will work closely with groups such as Vision Australia and the Queenslanders with a Disability Network to maximise the ways people with a disability or vision impairment are able to make use of this new technology.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Make public transport more accessible and easy to use for people with a disability. Continue to develop and roll out ticketing options such as the Vision Impairment Travel Pass. As part of this process we will work co-operatively with peak bodies such as Vision Australia and Disability Network.	
Minister for Transport and Main Roads	Department of Transport and Main Roads	Investigate reinstating the Cape York Airfare Subsidy in consultation with Cape York communities.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads	Department of Transport and Main Roads	Reinstate the upgrade of Nambour's rail station to allow disability access as a priority project and ensure the car park upgrade is complete.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Support an independent, scientific review of mitigation treatments and implement best practices and support further technological improvements for coal dust adjacent to the South-West Metropolitan rail corridor.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Support the inclusion of cycling infrastructure where appropriate in all transport infrastructure as part of the planning and design process, not as an afterthought.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Commence a review of the cycling network to deliver demonstrated safety improvements and encourage more cycling, working with cyclists and representative groups. Continue to develop Cycle Network Plans for areas that have not yet been assessed. The projects identified by Bicycle Queensland (including the Gabba to Goodwill Cycleway, expansion of Northern Bikeway, River Crossing from Bulimba to Teneriffe and the extension of the Brisbane Valley Rail Trail) will be considered as a matter of priority.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Support the work being undertaken by the National Heavy Vehicle Regulator (NHVR) and the National Transport Commission (NTC) to develop a National Registration System for heavy vehicles and carefully consider any recommendations made by the NTC with respect to the above.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Continue to support the work of the Transport and Logistics Industry (TLI) Connect Unit within the Department of Transport and Main Roads.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Keep the Queensland Rail (QR) Regional Control Centre in Townsville.	In Progress
Minister for Transport and Main Roads	Department of Transport and Main Roads	Undertake a high-level review of the BulimbaGlider initiative and meet with RAIL Back on Track to discuss further.	In Progress

Minister	Department	Commitment	Status
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<p><b>Saving the Great Barrier Reef</b> Reduce Queensland's carbon emissions by re-instating the nation-leading vegetation protection laws repealed by the Newman Government. This will be done in consultation with the stakeholders and the community. However, we do not plan to remove existing self-assessable codes as long as they provide appropriate protection.</p>	This commitment was initially marked as superseded after the Vegetation Management (Reinstatement) and Other Legislation Bill 2016 failed to pass Parliament on 18 August 2016. The Government recommitted to effective management laws during the 2017 election campaign and has since passed new vegetation management laws. For more information, please refer to the <i>Progress report on 2017 government election commitments</i> .
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<p><b>Saving the Great Barrier Reef</b> Reintroduce riverine protection permits to guard against excessive clearing of riparian vegetation. These laws will reduce the clearing of native vegetation and contribute to our effort to reduce sediment run-off.</p>	This commitment was initially marked as superseded after the Vegetation Management (Reinstatement) and Other Legislation Bill 2016 failed to pass Parliament on 18 August 2016. The Government recommitted to effective management laws during the 2017 election campaign and has since passed new vegetation management laws. For more information, please refer to the <i>Progress report on 2017 government election commitments</i> .
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<p><b>Saving the Great Barrier Reef Protections that matter for the Reef.</b> Act immediately to prevent the commencement of the Newman Government's water laws which will have a detrimental effect on the Great Barrier Reef catchment systems and allow for over allocation of Queensland's precious water resources.</p>	

Minister	Department	Commitment	Status
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Return ecologically sustainable development principles to the Water Act and remove water development option in their entirety.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Repeal changes to the Water Reform and Other Legislation Amendment Bill 2014 and implement proper monitoring and oversight for where a water authority is also the holder of a mining tenement, in order that proper make good arrangements are available to landholders.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Ban uranium mining in Queensland.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Reinstate third party notification and objection rights for mining lease approvals which the Newman Government abolished. Labor previously opposed the removal of objection and appeal rights from the Mineral and Energy Resources (Common Provisions) Bill 2014.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Restore the protection of prime agricultural land from resource development previously delivered by the <i>Strategic Cropping Land Act 2011</i> .	This commitment has been superseded through the <i>Regional Planning Interests Act 2014</i> providing a legislative framework including the ongoing protection of strategic cropping areas and priority agricultural areas.
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Investigate the protection of water resources from mining around Brisbane's drinking water catchment and protect pristine rivers with consent of traditional owners.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Conduct a detailed scientific study into the full cumulative water balance impact of the proposed coal mines in the Galilee Basin.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Consult with the Urban Development Institute of Australia and the wider community about how a more efficient process can be established for correcting errors in vegetation and natural hazards mapping.	

Minister	Department	Commitment	Status
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Support the continuing of the MyMinesOnline initiative and engage in timely consultation with the Queensland Resources Council on legislation and regulatory changes.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Maintain existing allocations for the Abandoned Mines Land Program.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Review the findings of the Queensland Competition Authority's Coal Seam Gas (CSG) Regulation Review.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Continue to support the Ministerial Advisory Committee on Exploration, MyMinesOnline and Geological Survey Queensland.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Request advice from the Department of Natural Resources and Mines into options for providing further support for Geological Survey Queensland Including the proposal for a 3D modelling room.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Regional power prices will remain subsidised, and the uniform tariff policy that keeps regional power prices in line with metropolitan prices will be retained.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>Saving the Great Barrier Reef</b> Provide a stable and welcoming regulatory environment to encourage private sector investment in renewable energy.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>Saving the Great Barrier Reef</b> Maintain our support for the Clean Energy Finance Corporation and the Renewable Energy Target and put pressure on the Federal Government to retain these vital policy measures.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>A solar future</b> Conduct a review, through the independent Queensland Productivity Commission, into a fair price for solar. The terms of reference for this review will require that a fair price for solar must not have an unreasonable impact on network costs for non-solar users.	

Minister	Department	Commitment	Status
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>A solar future</b> Commence a renewable energy study to investigate policy measures to support the creation of an export-orientated renewable energy economy. The study will include establishing an inquiry into how Queensland can achieve a target of 50 per cent renewable energy by 2030.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>A solar future</b> Commit to a trial 40-megawatt renewable energy auction, based on the successful solar auction to support private investment and jobs in the renewable energy industry. The Government will only pay the generator for the difference between a feed-in tariff rate for large-scale renewable energy generation (contracted from the auction), and the prevailing wholesale price of electricity in the national electricity market.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>A solar future</b> Commit to a review to investigate whether the provision of electricity in remote areas can be opened up to competition from local governments, which would provide communities with a direct say on localised solutions, including the facilitation of off-the-grid technologies. This review will include consideration of a legislative mechanism for local governments to take control of their power generation and distribution needs.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>A solar future</b> Implement a four-point plan and set an aspirational target for a million Queensland rooftops to have solar panels by 2020.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Examine new proposals for renewable energy generation by sugar mills.	
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Retain the Queensland Water Regional Alliances Program for the next three years at funding of \$600,000 a year.	

Minister	Department	Commitment	Status
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Facilitate a better functioning and more dynamic domestic gas market including the continued development of the Wallumbilla hub as well as a return to proper and transparent price and supply monitoring.	Completed
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Submit an assessment of the Nullinga Dam to Building Queensland for priority consideration in recognition of the need for additional water storage for urban and agricultural expansion in the Tropical North.	Completed
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Not oppose the transfer of the SunWater channel irrigation schemes to local control. This process will not be reversed.	Completed
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	Keep the headquarters of a merged Ergon/Energex Government Owned Corporation in Townsville.	Completed
Minister for Natural Resources, Mines and Energy	Department of Natural Resources, Mines and Energy	<b>Restoring high standards in Queensland's plumbing industry</b> Require that the installation of water meters be performed by a fully qualified and licensed plumber. Endeavour to make these legislative changes within the first 100 days of attaining government.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Support a broad ranging review of Government procurement practices to ensure that probity and value for money remain at the forefront of the State's procurement policies and consider local content provisions as part of a new procurement policy for Government.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	<b>Independent Advice for Queensland Tenants</b> Re-establish access to free, independent and impartial advice for tenants with a commitment of up to \$20 million over four years.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Undertake a full review of housing policies to ensure that they are fair.	Completed

Minister	Department	Commitment	Status
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Withdraw the former government's restrictive temporary absences policy which requires that tenants request permission to leave for holidays of four weeks or more.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	<b>Restoring high standards in Queensland's plumbing industry</b> Re-establish a dedicated plumbing industry regulatory body, within the broader state-wide construction industry regulatory organisation, to replace the Plumbing Industry Council, which has been slated for abolition by the LNP. Endeavour to make these legislative changes within the first 100 days of attaining government.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Conduct a wide-ranging review of security-of-payment laws. This review will involve detailed and comprehensive consultation with stakeholders in the construction industry, including the Subcontractor's Alliance. Respond to review within one month of the review being released.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Retain the <i>Professional Engineers Act 2002</i> .	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Remove 'no advocacy' and 'publication of Chief Executive Officer remuneration' clauses from non-government organisation contracts with Government.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Review the resources provided to the Office of the Queensland Government Architect (OQGA) to ensure that they remain appropriate to enable OQGA to fulfil its duties	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Review the recommendations released from the inquiry into affordable housing from the Senate Economics References Committee and recommend actions for implementation relevant to Queensland.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Work towards achieving Green Star ratings for Government owned buildings.	Completed

Minister	Department	Commitment	Status
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	<b>Audit Queensland</b> Government office accommodation to determine where the best value for money improvements can be made.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Work with industry and other levels of government to develop ways to encourage the upgrade, new and existing, of buildings to improve their sustainability.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Meet with Master Builders to discuss construction risk management to ensure accountability in the building and construction industry.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Ensure that there are proper minimum standards for temporary buildings and structures related to mining projects.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Examine the results of the consultation thus far to determine if a more extensive solution is required before a response to the Report (Transport, Housing and Local Government Committee Report No. 13: Review of the <i>Retirement Villages Act 1999</i> ) is released.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Amend the <i>Residential Tenancies and Rooming Accommodation Act 2008</i> to allow the Minister to prescribe minimum standards for private rental accommodation for both standard housing and rooming accommodation by regulation.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Investigate options for applying rate rebates or rental assistance to residents of retirement villages, and renew its representations to other tiers of government with some vigour in an attempt to resolve this issues.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Deliver \$400,000 towards major upgrades to The Gap Football Club clubhouse and sporting fields.	Completed
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Meet with the Queensland Motorised Sports Council and discuss proposals for new or improved facilities to support motorised sport in Queensland.	Completed

Minister	Department	Commitment	Status
Minister for Housing and Public Works, Minister for Digital Technology and Minister for Sport	Department of Housing and Public Works	Upgrade the Cannon Hill Parish Community Pool.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Skilling Queenslanders for Work</b> Reinstate the Skilling Queenslanders for Work (SQW) program which will support up to 32,000 Queenslanders back into work over four years through a \$240 million investment. SQW will be directed independently by Regional Priority Jobs Committees including representatives from community organisations, businesses, industry and unions. SQW is an overarching program with several related targeted training and skills programs under the SQW banner including Ready for Work.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Jobs Queensland</b> Establish Jobs Queensland as an independent statutory entity providing industry advice to government on skills demand and future workforce planning, with a focus on making the Vocational Education and Training sector the strongest and most productive in Australia.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Skilling Queenslanders for Work</b> Provide funding for Ready to Work, a community-based program to assist young people into the workforce by getting them ready to work, as part of the Skilling Queenslanders for Work (SQW) program.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Restoring high standards in Queensland's plumbing industry</b> Work co-operatively with the plumbing industry to develop innovative training models and better training methods.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Repeal the <i>Queensland Training Asset Management Authority Act 2014</i> legislation (QTAMA) and return the control of Queensland's training assets to the relevant State Government department.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Conduct an audit all of Queensland's training assets, including buildings, fixtures and equipment to assess the physical condition of the assets, as well as their use.	Completed

Minister	Department	Commitment	Status
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Formulate an asset plan for Queensland's training assets for the next 10 years. Industry, training providers, unions and TAFEs from across the state will be invited to contribute to the development of a comprehensive asset management plan to increase the use of publicly owned facilities. TAFEs will receive priority access to all facilities at a subsidised rate.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Invest \$34 million over three years in TAFE Queensland to restore its status as Queensland's public provider of Vocational Education and Training (VET). These funds will go towards subsidising foundation courses, increasing the qualifications available through VET in schools, regional support programs and creating up to 100 new full time equivalent staff including both teaching and support staff.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Create up to 100 new full time equivalent teaching and support positions.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Establish a fully independent Training Ombudsman with the power to investigate complaints made about training organisations by students and apprentices and enforce sanctions, where necessary.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Invest \$3.1 million over 3 years in student support services including support staff positions.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Provide \$3 million to subsidise Foundation Skills Courses (such as literacy and numeracy) for disadvantaged learners.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Invest \$5 million to increase the courses available through Vocational Education and Training (VET) in schools.	Completed

Minister	Department	Commitment	Status
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Provide \$5 million to expand and improve regional support programs.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Make \$5 million available over 3 years to subsidise second chance education	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Provide \$4 million for emerging innovative industries as designated by Jobs Queensland.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Keep the Maryborough TAFE open.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Jobs Queensland</b> Target a more sustainable level of private sector training delivery, which will be identified under Jobs Queensland.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Jobs Queensland</b> Abolish restrictions on eligibility for training subsidies in targeted industries for individuals who have completed prior study.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Rescuing TAFE</b> Allocate 10 per cent of total labour hours on eligible government-funded infrastructure projects to apprentices and trainees, and for projects in Indigenous communities allocate an additional amount, equivalent to a further 10 per cent of total labour hours, and extend this commitment to projects funded by government-owned corporations and public private partnerships.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Establish a dialogue with the Housing Industry Association to address more flexible career pathways for young people wanting to work in the home building industry.	Completed

Minister	Department	Commitment	Status
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Working Queensland</b> Establish a Red Tape Reduction Advisory Council, chaired by the Minister for Small Business. The Red Tape Reduction Advisory Council will be tasked with producing recommendations on red, green and blue tape across at least three industry sectors each year, and will be required each year to produce proposed legislation reducing regulatory red, green and blue tape for Government to consider. The council's reports will be tabled in Parliament by the Minister.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Working Queensland</b> Establish a fund of up to \$1 million for Queensland Entrepreneurs of Tomorrow, to support education in computational science and business development. This policy will initially deliver grants of up to \$10,000 for structured entrepreneurship and IT skill learning programs to 100 primary and secondary schools across Queensland.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	<b>Working Queensland</b> An additional \$1 million for grants over three years to support stay-at-home parents to develop home based businesses.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Environment and Science	Consider North Stradbroke Island in any future expansion of National Park Estate.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Environment and Science	Consult closely and early with the Quandamooka people on any future decision relating to the management of mining leases on North Stradbroke Island.	Completed
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Environment and Science	Commit funding to ensure that joint management arrangements for Naree Budjong Djara National Park are delivered in accordance with the Indigenous Management Agreement into the future, including the existing joint manager position.	Completed

Minister	Department	Commitment	Status
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Saving the Great Barrier Reef</b> Do not support trans-shipping operations within the Great Barrier Reef Marine Park.	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Saving the Great Barrier Reef</b> Provide an additional \$100 million over five years towards water quality initiatives, scientific research and helping businesses transition to better environmental practices in the primary production and fishing industries.	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Saving the Great Barrier Reef</b> Convene a high-level taskforce with representatives from regional communities, conservation organisations, industry groups (including primary producers, tourism operators and local government) and leading scientists to determine the best possible approach to meet our strict targets. The taskforce will be required to report back within a year of commencing.	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Saving the Great Barrier Reef</b> Commit to targets to reduce nitrogen run-off by up to 80% and total suspended sediment run-off by up to 50% in key catchments such as the Wet Tropics and the Burdekin by 2025	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Saving the Great Barrier Reef</b> Fight to ensure the Federal Government pays a fair share to help save the Great Barrier Reef.	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Mining companies to properly provision for water treatment to prevent any contamination of nearby creeks and rivers and will consult Government on mechanisms to achieve this.	Completed
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Support amendments to the <i>Environmental Protection Act 1994</i> to extend the life of the Mount Isa copper smelter.	Completed

Minister	Department	Commitment	Status
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Work with traditional owners, stakeholders and communities to legislate protections for Queensland's pristine rivers from large scale industrial operations.	This commitment has been superseded by the 2017 Government election commitment relating to pristine rivers.
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Extend the Crocodile Urban Management Area in Rockhampton following community consultation.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Quarantine up to \$1 million from environmental grants programs administered by the Department of Environment and Heritage Protection to assist individuals and groups with access to legal advice on planning and environmental matters.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Investigate the expansion of upfront rehabilitation bonds for resource companies to fully fund long-term rehabilitation activities.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Act immediately to repeal the North Stradbroke Island Protection and Sustainability and Another Act Amendment Bill 2014, and return to the 2019 phase-out of sand mining on North Stradbroke Island.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Queensland Arts</b> Conduct a major review of the arts sector, focusing on all aspects of the Queensland arts sector, including: - funding models and manner in which funds are assessed and dispersed - areas of need to ensure that Queensland is equipped to deal with the growth in the arts sector, including youth arts and culture, and - ensuring processes to return transparency and fairness to the arts sector.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Secure and conserve representative and resilient samples of all bio-geographical regions of the state in the National Park Estate and move towards the target set through the Convention on Biological Diversity.	This commitment has been superseded by the 2017 Government election commitment relating to protected area management.

Minister	Department	Commitment	Status
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Not support the referral of powers under the <i>Environment Protection and Biodiversity Conservation Act 1999</i> to state governments.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Work with industry and local governments to address the increase in waste crime and close all unlawful waste and recycling activities.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Conduct a formal review in association with local governments into the application of financial assurances for landfill. This review will also consider whether it is necessary for local governments to apply different accounting practices to reflect the cost of landfill site remediation over the life of the site.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Closely examine the Waste Recycling Industry Association's action plan in their document Economic and Jobs Growth for Queensland from the Waste Management and Secondary Resources Industry and provide a detailed response which outlines specific actions the Government will take to support the industry.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Provide incentives and mechanisms for leasehold and freehold land owners to manage and secure environmentally significant ecosystems and corridors.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Provided there is support from traditional owners and local communities, assist Cape York and the Great Sandy Region's nomination to UNESCO. We will work closely with our Federal counterparts to develop a clear timeframe and process for a consent based nomination.	This commitment has been superseded due to a lack of cooperation by the Federal Government.
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Support, in principle, the development and implementation of a new Queensland Climate Change Adaptation Strategy, in genuine partnership with local government.	

Minister	Department	Commitment	Status
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Establish a Climate Change Adaptation Fund of \$5 million a year over the next three years (funded by the Local Government Policy) to assist councils with the development of coastal hazard adaption strategies as well as coastal adaption pilot projects.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Actively pursue model legislation across all states that establishes a National Container Deposit Scheme and investigate the establishment of a state-based container deposit scheme.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Seek to renegotiate a memorandum of understanding on the delivery of best management practice systems (with regard to the Grazing best management practice programs).	This commitment has been superseded as no further action is required in this term of Government.
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Reintroduce Environmental Risk Management Plans in the period before the taskforce makes recommendations	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Repeal changes to the flying fox management regulations and return to a modern framework of protection.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Return to the croc relocation policy that existed under the previous government which was only crocs deemed a risk by local rangers would be re-located.	This commitment has been superseded by the results of the public consultation process.
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Commence a review of the framework around the Nature Conservation (Protected Plants) and Other Legislation Amendment Bill 2013 within our first term of government.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Protecting Gold Coast beaches</b> Work with the Gold Coast community to seek the declaration of a world surfing reserve of southern Gold Coast beaches and surf breaks (from the New South Wales border to Burleigh Heads).	

Minister	Department	Commitment	Status
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	<b>Protecting Gold Coast beaches</b> Work to have Gold Coast's northern beaches and South Stradbroke Island recognised as national surfing reserves and eventually added to the proposed World Surfing Reserve.	This commitment has been superseded based on stakeholder advice.
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Save the old Mooloolah logging forest along the Steve Irwin Way.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Protect Daisy Hill Forest.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Ensure that protected area estate is managed in accordance with the cardinal principle to preserve and protect natural conditions, cultural resources and values to the greatest extent possible.	
Minister for Environment and the Great Barrier Reef, Minister for Science and Minister for the Arts	Department of Environment and Science	Maintain any financial support for Life Sciences Queensland which is budgeted in the existing forward estimates.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Keeping Our Community Safe</b> Deliver improved safety equipment for police including \$5 million for body-worn cameras.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Keeping Our Community Safe</b> Negotiate the next Queensland Police Service Enterprise Bargaining Agreement (EBA) in good faith and implement fair and reasonable industrial standards to restore conditions for all government workers.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Keeping Our Community Safe</b> Not privatise or 'civilianise' policing operations.	

Minister	Department	Commitment	Status
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Keeping Our Community Safe</b> Commit to matching any police recruitment planned by the Newman Government that was already in the forward estimates. That is, completion of the previous LNP commitment to provide 1,100 additional police officers over four years (2012-13 to 2015-16).	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Keeping Our Community Safe</b> Commit \$5M a year for four years to fund extra police overtime and travel allowances to target crime hotspots throughout the state, and issues such as organised crime, alcohol-fuelled violence and/or the drug ice.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Tackling alcohol fuelled violence</b> Empower police to breathalyse intoxicated or disorderly patrons for the possible prosecution of patrons, management and licensees who have breached regulations of the <i>Liquor Act 1992</i> .	
Minister for Police and Minister for Corrective Services	Queensland Police Service	<b>Tackling alcohol fuelled violence</b> Undertake intelligence-led policing in safe night precincts	
Minister for Police and Minister for Corrective Services	Queensland Police Service	No privatising or outsourcing will occur within the Queensland Police Service. We will work with police working in the Public Safety Business Agency wanting to transfer back into the Queensland Police Service.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	Continue to identify roles that may not require a sworn police officer to undertake and recruit appropriately trained and qualified public servants to undertake these roles.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	Improve the Queensland Police Service promotions system to ensure promotions are truly merit-based.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	Create community policing boards to give local people a say on crime issues and to find strategies to reduce the burden of society's problems on police.	
Minister for Police and Minister for Corrective Services	Queensland Police Service	No plans to change the current 'move on' powers in the <i>Police Powers and Responsibilities Act 2000</i> .	
Minister for Police and Minister for Corrective Services	Queensland Police Service	Review the police complaints system and implement a new disciplinary system, in collaboration with the Queensland Police Union of Employees, which ensures accountability and fairness for both police officers and the public.	

Minister	Department	Commitment	Status
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	As a priority, conduct a feasibility study into a permanent and expanded police station at Pacific Pines.	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	Reverse any outsourcing, privatisation and forced redundancies that may have occurred in the Public Safety Business Agency. No privatising or outsourcing will occur within the Public Safety Business Agency.	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	Commit to work with frontline firefighters, ambulance officers and police to fix up some of the issues and reverse the negative aspects caused by implementation of the Police and Community Safety Review (Keelty Review).	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	Ensure that both police academies continue.	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	Support the rollout of the digital radio network and continue the rollout program.	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	Amend the Queensland Fire and Rescue Service Award - State to ensure that auxiliary firefighters attain and maintain their own award.	Completed
Minister for Police and Minister for Corrective Services	Public Safety Business Agency	The Public Service Commission will conduct an official review into the Public Safety Business Agency.	Completed
Minister for Police and Minister for Corrective Services	Queensland Corrective Services	Ensure that Maryborough Correction Centre has correct prisoner to staffing ratios.	Completed
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Maintain support for the role of faith-based delivery services in our community.	Completed
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Work with stakeholders to rebuild Queensland's community service sector through consultation with organisations like Community Service Industry Alliance (CSIA) and the service providers it represents.	Completed

Minister	Department	Commitment	Status
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Provide up to \$150,000 towards a feasibility study to assess the need for community services such as a youth centre, mobile library space and community facilities in Kallangur.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Rescind the Newman Government's gagging of the advocacy role of community organisations in service agreements and engage with community organisations and families to stay informed about what is working and what is not working in our child protection system.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Supporting the NDIS</b> Support a seamless transition to the National Disability Insurance Scheme (NDIS) and work with the Commonwealth Government to implement a NDIS launch site.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Increasing choice</b> Renegotiate conditions in the Heads of Agreement between the Commonwealth and Queensland Governments on the National Disability Insurance Scheme to allow Disability Services Queensland to be a registered provider of accommodation support and respite services to high-needs clients in a competitive market. In particular, Labor rejects clause 36 of the agreement (page 6).	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Increasing choice</b> Stop the forced transition of clients with high and complex needs from Disability Services Queensland to the private sector and enable Disability Services Queensland to continue providing high-quality accommodation support and respite services to these clients.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Increasing choice</b> Ensure that Disability Services Queensland staff working in accommodation support and respite services will have the opportunity to continue in their current roles under existing conditions.	

Minister	Department	Commitment	Status
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Maintain the \$868 million that has been allocated to the rollout of the National Disability Insurance Scheme (NDIS) in Queensland with an indexation rate of 3.25%.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Guarantee that no capital assets currently used to support people with a disability will be transferred or sold for other purposes.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Supporting Seniors</b> Create a 'one-stop shop' where older Queenslanders will be able to access information about services essential to seniors.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	<b>Advisory Taskforce on Residential Transition for Ageing Queenslanders</b> Establish an Advisory Taskforce on the Residential Transition for Ageing Queenslanders. This taskforce will include private developers, health economists and service delivery experts and leading public servants. The taskforce will publish its report and provide advice and recommendations to Cabinet.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	Pursue fair pensioner concessions for Queenslanders.	
Minister for Communities, Disability Services and Seniors	Department of Communities, Disability Services and Seniors	\$50,000 for a feasibility study for a facility for young adults with an intellectual disability on the northside of Brisbane.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Support the continuation of existing drought relief arrangements until 2018, and will work concurrently with industry to develop a suite of measures that will assist producers to improve their climate risk management and preparedness strategies for the longer term. However, should the current wet season fail again in some areas of Queensland, we will review this stance.	

Minister	Department	Commitment	Status
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Food and Fibre: Labor's plan for agriculture</b></p> <p>Explore the establishment of a Rural Jobs Agency (RJA) in conjunction with industry. The RJA will offer the following services for rural employers and workers:</p> <ul style="list-style-type: none"> <li>- for placements of 12 months of less, provide labour-hire services for local rural workers.</li> <li>- allow rural employers the option to directly employ labour-hire rural workers engaged from the RJA on a permanent basis.</li> <li>- facilitate training pathways for the skilling of rural workers including apprenticeships in rural and trade skills and other post-secondary qualifications.</li> </ul>	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Food and fibre: Labor's plan for agriculture</b></p> <p>Provide an additional \$5 million over three years to leverage additional investment by local government and industry to support new initiatives aimed at destroying wild dog and cat populations.</p>	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Food and fibre: Labor's plan for agriculture</b></p> <p>Develop a 10 year research and development blueprint for agriculture and food to enhance scientific collaboration within the State, ensure it is aligned with emerging opportunities and to seek new and imaginative ways to attract new funds. This will encompass current sugar industry research arrangements.</p>	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Food and fibre: Labor's plan for agriculture</b></p> <p>Support industry initiatives for the development of a national multi-peril crop insurance scheme to provide insurance cover for a range of climatic events that could result in a poor harvest such as from drought or floods.</p>	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Food and fibre: Labor's plan for agriculture</b></p> <p>Support and facilitate initiatives by the private sector to develop appropriate water and land resources in North Queensland on a sustainable basis. Provide a unique 'one stop' service to facilitate private sector initiatives through the various approval and development processes of government.</p>	Completed

Minister	Department	Commitment	Status
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Examine new partnership arrangements between the Agriculture Training Colleges of Longreach and Emerald with local universities for delivering skill-based training for the agriculture sector.	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Plan and deliver three government-sponsored outbound trade missions a year in conjunction with industry to support both traditional food and fibre products as well as encouraging niche, and new and emerging, products.	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Establish a new animal welfare advisory board comprising of technical, community and industry representatives to advise the Minister on issues associated with the development and promotion of codes of practices for the humane treatment of animals - on farm, in transport and at the point of slaughter.	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Conduct a detailed review of Queensland's biosecurity capability to develop a long-term plan to restore Queensland's biosecurity response to world's best practice.	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Consult with Cotton Australia about their members' concerns with the transport rules for agriculture vehicles.	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Seek to renegotiate a memorandum of understanding on the delivery of best management practice systems (with regard to the Grains best management practice programs).	Completed
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Meet with the Queensland Dairy Farmers' Organisation (QDO) to investigate how it can address the issues raised in the election platform to the satisfaction of the dairy industry.	Completed

Minister	Department	Commitment	Status
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Consult with QFF and Agforce about use of Brisbane waste water for agriculture.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Saving the Great Barrier Reef</b></p> <p>Reserve up to \$10 million of our additional Great Barrier Reef policy funding allocation to fund the buy-back associated with establishing three net-free fishing zones in north and central Queensland, in accordance with the <i>Fisheries Act 1994</i>. These zones will be Trinity Bay Cairns, St Helens Beach Cape Hillsborough, and Yeppoon/Keppel Bay/Fitzroy River Capricorn Coast. We will progress this initiative in close consultation with relevant stakeholders such as the fishing industry and the Great Barrier Reef Marine Park Authority. The decision on any further net-free zones will be made after an open application process.</p>	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Sustainable fishing</b></p> <p>Sit down with both recreational and commercial fishing organisations to investigate how a commercial net-free fishing area can be best instituted in Moreton Bay to obtain the maximum gain from the fisheries resource in Moreton Bay for the benefit of the region.</p>	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Sustainable fishing</b></p> <p>Adopt a fisheries resource allocation policy based on the principle that fisheries resources should be allocated to those who would provide the greatest economic value from their access.</p>	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<p><b>Sustainable fishing</b></p> <p>Recognise charter fishing as a distinct fishing activity with an economic benefit for the state and develop an action plan for the development of charter fishing.</p>	

Minister	Department	Commitment	Status
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Sustainable fishing</b> Review the regulatory structure of commercial fishing to ensure the sustainability of Queensland's fisheries. An early candidate for review will be the complex array of input controls on commercial fishers. Following the outcomes of the review, develop, announce and implement a program of world's best practice fisheries management arrangements to deliver real regulatory reform aimed at maintaining the sustainability of Queensland's fisheries at lower economic and social cost.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Conclude the current Fisheries Management Review and publicly release the report. The findings of the review will not deter the establishment of net-free fishing zones.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Develop effective consultative arrangements between fisheries managers and all stakeholders, including those with the commercial, recreational, charter and environmental interests.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Protecting puppies</b> Protect puppies by establishing a compulsory registration scheme for dog breeders who hold 20 dogs or more. Registered dog breeders will be regularly monitored for compliance with breeding standards set by Dogs Queensland and RSPCA Queensland. Female dogs which breed puppies will be protected from overbreeding by these same standards.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	Working cooperatively across agencies including Trade and Investment Queensland (TIQ), ensure the Department of Agriculture and Fisheries adopts a whole of supply chain approach to policy.	
Minister for Agricultural Industry Development and Fisheries	Department of Agriculture and Fisheries	<b>Food and fibre: Labor's plan for agriculture</b> Support and closely monitor the horticulture industry code of practice between growers and retailers.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Support an independent review of local government planning schemes (similar to the model recently developed for the review of Local Government Infrastructure Plans) being undertaken by the Department of Infrastructure, Local Government and Planning.	

Minister	Department	Commitment	Status
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Work with Redland City Council on the re-development of Toondah Harbour.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Meet with the Redland City Council to resolve how the unacceptable living conditions (lack of basic clean water, sewerage and waste management infrastructure for Quandamooka families at One Mile) can be addressed.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	<b>A multicultural future for all</b> Introduce a Multicultural Queensland Charter and establish a Multicultural Queensland Advisory Council that will advise the Minister in developing and implementing government policies concerning multiculturalism. This will involve the introduction of legislation.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Investigate whether any legislative or regulatory changes are needed to address the issue of uncompetitive waste practices by local governments.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	The Department of Infrastructure, Local Government and Planning will incorporate best practice guidance on fairness and equity principles in guidelines to be published on Revenue Raising in Local Government. The guidelines will cover rating principles and examples including differential rating.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Review the current "Partners in Government" Agreement in consultation with the Local Government Association of Queensland within the first six months after coming to office.	
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	The Premier will meet with the Local Government Association of Queensland (LGAQ) on at least a six-monthly basis and more frequently as is warranted.	

Minister	Department	Commitment	Status
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Amend the <i>Local Government Electoral Act 2011</i> to ensure that Local Government Chief Executive Officers cannot act as Returning Officers for Local Government elections.	Completed
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Consult with the Local Government Association of Queensland (LGAQ) about steps to reduce the costs of conducting Local Government elections.	Completed
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Meet with Graham Quirk and all South-East Queensland Mayors after the election to investigate how Government can address the priorities identified by the SEQ Council of Mayors in a fiscally responsible manner and consistent with the Government's commitments.	Completed
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Meet with the organisation, Residents for Boundary Change, to discuss its proposal to transfer Eumundi, Doonan, Verrierdale and Weyba Downs from the Sunshine Coast Regional Council to Noosa Shire Council.	Completed
Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs	Department of Local Government, Racing and Multicultural Affairs	Meet with Councillor Mal Forman and all other Mayors of the Wide Bay-Burnett Regional Organisation of Councils (ROC) to investigate how it can address the identified priorities in a fiscally responsible manner and consistent with the commitments made by Government.	Completed

Minister	Department	Commitment	Status
Minister for Child Safety, Youth and Women and Minister for the Prevention of Domestic and Family Violence	Department of Child Safety, Youth and Women	Remove provisions (enabled by the Youth Justice and Other Legislation Amendment Bill 2014) that significantly changed the philosophical approach to juvenile justice in Queensland. Repeal the amendments made to the Youth Justice Act so that: <ul style="list-style-type: none"> <li>- repeat offenders' identifying information cannot be published, other than in exceptional circumstances (e.g. when a juvenile offender is found guilty of a heinous offence) and at the court's discretion</li> <li>- breach of bail is no longer an offence</li> <li>- all children's law matters are held in a closed court</li> <li>- childhood findings of guilt for which no conviction was recorded are inadmissible in relation to adult offences</li> <li>- the principle of detention as a last resort is reinstated</li> <li>- 17-year-olds who have six months or more left to serve in detention are not automatically transferred from detention to an adult corrective service facility.</li> </ul> The Government will also examine ways to resolve the issue of 17-year-olds in adult prisons and bring Queensland into line with other Australian jurisdictions.	Completed
Minister for Child Safety, Youth and Women and Minister for the Prevention of Domestic and Family Violence	Department of Child Safety, Youth and Women	Restore the early intervention program in the Department of Justice and Attorney-General, and reinstate the court-ordered youth justice conferencing that was abolished by the Newman Government.	Completed
Minister for Child Safety, Youth and Women and Minister for the Prevention of Domestic and Family Violence	Department of Child Safety, Youth and Women	Conduct an independent review of the Boot Camps model based on the collection of objective, empirical data, consultation with stakeholders, and an analysis of the effectiveness of similar systems operating. A Government Response will be published in response to the review recommendations and findings.	Completed
Minister for Child Safety, Youth and Women and Minister for the Prevention of Domestic and Family Violence	Department of Child Safety, Youth and Women	Continue the child safety reform agenda initiated by the Carmody Report	Completed

Minister	Department	Commitment	Status
Minister for Child Safety, Youth and Women and Minister for the Prevention of Domestic and Family Violence	Department of Child Safety, Youth and Women	Will not privatise adoption services.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	Work towards a risk based approach to emergency services to ensure the brigades with a lower-risk profile are appropriately trained and conduct training exercises relevant to that risk profile.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	As per the Auditor-General's recommendation in Report 10: 2014-15 <i>Bushfire prevention and preparedness</i> , Queensland Fire and Emergency Services strengthens its oversight role as the lead agency for mitigating Queensland's bushfire risk and the Minister will require that appropriate preparation has been completed before the start of the fire season.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	Continue to support the State Emergency Service (SES) and continue to provide the equipment and training opportunities to support SES members in Queensland.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	Undertake a review of the Queensland Fire and Emergency Services utilising the experience and knowledge of frontline firefighters and the United Firefighters Union Queensland (UFUQ) and implement an organisational structure that ensures professional and safe work standards.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	Advise members of the Rural Fire Brigades Association that the Government will work with all firefighters to further professionalise rural brigades that operate in high risk and/or iZone areas.	Completed
Minister for Fire and Emergency Services	Queensland Fire and Emergency Services	Rural Fire Brigades will play a more enhanced role in the early preparation of the bushfire ground before the commencement of the fire season.	Completed
